Industrial Training Institute (I.T.I)

Industrial Training Centers (ITCs) Detailed Project Report, Profile, Business Plan, Industry Trends, Market Research, Survey, Feasibility Study, Investment Opportunities, Cost and Revenue, Plant Economics, Working Capital Requirement, Plant Layout, Cost of Project, Projected Balance Sheets, Profitability Ratios, Break Even Analysis

Introduction

Technical education at all levels in the country is witnessing a consistent growth pattern marked by the setting up of new Institutions and the improvement of the existing ones in tune with the quality assurance norms set by the accreditation agencies.

Industrial Training Institutes are postsecondary schools in India constituted under Directorate General of Employment & Training (DGET), Ministry of Skill Development and Entrepreneurship, Union Government to provide training in various trades.

The Indian economy is in the mode of globalization and liberation and thus in need to develop skilled personnel in appropriate numbers with adequate skills, in consonance with the requirements of the ultimate users such as industries and service sectors. The same is being done by Industrial Training Institutes.

With the increasing demand of skilled and semi-skilled low rug professionals in the developed countries, these professionals can also apply for immigration to countries on the basis of demand lists of various professionals released by various countries from time to time and make their fortunes overseas.

The main objective behind opening of ITI's is to provide technical manpower to the fast emerging secondary sector i.e. industrial sector of the developing and developed economy. These young one's are trained in basic practical skills required to do jobs in the industry like that of a fitter or lathe operator. The courses in the ITI's are designed in such a way that they can prove helpful to impart basic skills in the trade specified. The duration of various courses running in the ITI's can vary from a basic certificate course of one year to an industrial diploma course of three years depending upon the trade opted by the aspirant.

Skill India is a campaign launched by Prime Minister Narendra Modi with an aim to train over 40 crore (400 million) people in India in different skills by 2022. It includes various initiatives of the government like "National Skill Development **Mission**", "National Policy for Skill Development and Entrepreneurship, 2015", "Pradhan Mantri Kaushal Vikas Yojana (PMKVY)" and the "Skill Loan scheme".

The reason behind the huge demand for ITI students as there is a great demand from industry for fitter, machinists, turners, and mechanics in diesel as well as in motor. All these courses are offered at ITI.

To achieve this goals, India needs flexible education and training system that will provide the foundation for learning, secondary and tertiary education and to develop required competencies as means of achieving lifelong learning. As a whole it is a good project for new entrepreneurs to invest.

Few Indian Major Players are as under

- Ebrahim Bawany Industrial Training Institute
- R.K. Institute of Technical Studies
- Ashok Industrial Training Institute
- Beleghata Education Aid Center
- Indus Infotech Industrial Training Centre
- J.K. Industrial Training Centre
- Foremen Training Institute
- Birsa Industrial Training Centre
- City Industrial Training Institute
- Industrial Training Institute

Niir Project Consultancy Services (NPCS) can provide Detailed Project Report on Industrial Training Institute (I.T.I)

See more https://goo.gl/mQNrly https://goo.gl/ho8eYb https://goo.gl/euk1CC

Major Queries/Questions Answered in the Report?

- 1. How to open/start Industrial Training Institute?
- 2. How to establish a new Industrial Training Institute?
- 3. What is the Project Feasibility of Industrial Training Institute?
- 4. What are the requirements of Working Capital for setting up an Industrial Training Institute?
- 5. What is the structure of the Industrial Training Institute and who are the key/major players ?

- 6. What is the total project cost for setting up Industrial Training Institute?
- 7. What are the operating costs for setting up an Industrial Training Institute?
- 8. What are the Infrastructure requirements for setting up an Industrial Training Institute?
- 9. Who are the Suppliers and Manufacturers of equipment, Furniture, teaching aids for setting up Industrial Training Institute?
- 10. What is the total size of land required for setting up an Industrial Training Institute?

11. What will be the income and expenditures for Industrial Training Institute?

- 12. What are the Projected Balance Sheets of Industrial Training Institute?
- 13. What are the requirement of utilities and overheads for setting up an Industrial Training Institute?
- 14. What is the Built up Area Requirement and cost for setting up an Industrial Training Institute?
- 15. What are the Personnel (Manpower), Staff Requirements for setting up an Industrial Training Institute?

16. What is the time required to break-even?

- 17. What is the Break-Even Analysis of an Industrial Training Institute?
- 18. What are the Project financials of an Industrial Training Institute?
- 19. What are the Profitability Ratios of an Industrial Training Institute?
- **20.** What is the Sensitivity Analysis-Price/Volume of an Industrial Training Institute?

- 21. What are the Projected Pay-Back Period and IRR of a Industrial Training Institute?
- 22. What are the Market Opportunities for setting up an Industrial Training Institute?
- 23. What is the Market Study and Assessment for setting up an Industrial Training Institute?
- 24. What is the Plant Layout for setting up an Industrial Training Institute Project?
- 25. What is the procedure to open an Industrial Training Institute in India?

Table of Contentsof theProject Report

1. Project Location

- 1.1. District Profile & Geotechnical Site Characterization
- 1.1.1. General
- 1.1.2. Location & Geographical Area
- 1.1.3. Topography
- 1.1.4. Administrative set up
- 1.1.5. Map
- 1.1.6. Industry at a Glance

2. Introduction

3. Engineering and Technical Education in India

- **4. Vocational Education and Training in Asia**
- 5. Technical Institutions in India
- 6. Course Contents of ITI
- 7. Proposed ITI Strength
- 8. Procedure for Starting New Industrial Training Institute/Center
- 9. Procedure for Starting New Industrial Training Institute/Center

10. Power Norms for Craft Instructor Scheme

11. Space Norms for Crafts Instructors Training Scheme (CITS)

11.1. Engineering Trades**12. Courses with Duration & Minimum Qualification**

12.1. Engineering12.2. Non – Engineering

13. List of Machines

14. Suppliers of Different Materials for Construction of ITI College

- 15. Publishers, Suppliers & Exporters for Industrial Technical Institutional Related Books
- **16. Computer Hardware & Peripherals**
- **17. Wooden Furniture Suppliers**
- **18. Institution Building Photographs**
- **19. College Layout**

Reasons for buying our report:

• This report helps you to identify a profitable project for investing or diversifying into by throwing light to crucial areas like industry size, market potential of the product and reasons for investing in the product

- This report provides vital information on the product like it's characteristics and segmentation
- This report helps you market and place the product correctly by

identifying the target customer group of the product

- This report helps you understand the viability of the project by disclosing details like machinery required, project costs and snapshot of other project financials
- The report provides a glimpse of government regulations applicable on the industry
- The report provides forecasts of key parameters which helps to anticipate the industry performance and make sound business decisions

Our Approach:

• Our research reports broadly cover Indian markets, present analysis,

outlook and forecast for a period of five years.

- The market forecasts are developed on the basis of secondary research and are cross-validated through interactions with the industry players
- We use reliable sources of information and databases. And information from such sources is processed by us and included in the report

Scope of the Report

The report titled Market Survey cum Detailed Techno **Economic Feasibility Report on Industrial Training Institute** (I.T.I.) provides an insight into this sector in India. The report assesses the market sizing and growth of the Indian Industrial Training Institute. While expanding a current business or while venturing into new business, entrepreneurs are often faced with the dilemma of zeroing in on a suitable product/line. And before diversifying/venturing into any product, they wish to study the following aspects of the identified product:

- Good Present/Future Demand
- Export-Import Market Potential
- Raw Material & Manpower Availability
- Project Costs and Payback Period

We at NPCS, through our reliable expertise in the project consultancy and market research field, have demystified the situation by putting forward the emerging business opportunity in the Industrial Training Institute in India along with its business prospects. Through this report we have identified Industrial Training Institute (ITI) project as a lucrative investment avenue.

Free Instant Online Project Identification & Selection Search Facility

Selection process starts with the generation of a product idea. In order to select the most promising project, the entrepreneur needs to generate a few ideas about the possible projects. Here's we offer a best and easiest way for every entrepreneur to searching criteria of projects on our website www.entrepreneurindia.co that is "Instant Online Project Identification and Selection"

NPCS Team has simplified the process for you by providing a "Free Instant Online Project Identification & Selection" search facility to identify projects based on multiple search parameters related to project costs namely: Plant & Machinery Cost, Total Capital Investment, Cost of the project, Rate of Return% (ROR) and Break Even Point % (BEP). You can sort the projects on the basis of mentioned pointers and identify a suitable project matching your investment requisites.

NIR PROJECT CONSULTANCY SERVICES

An ISO 9001:2008 Company

Who are we?

- One of the leading reliable names in industrial world for providing the most comprehensive technical consulting services
- We adopt a systematic approach to provide the strong fundamental support needed for the effective delivery of services to our Clients' in India & abroad

We at NPCS want to grow with you by providing solutions scale to suit your new operations and help you reduce risk and give a high return on application investments. We have successfully achieved top-notch quality standards with a high level of customer appreciation resulting in long lasting relation and large amount of referral work through technological breakthrough and innovative concepts. A large number of our Indian, Overseas and NRI Clients have appreciated our expertise for excellence which speaks volumes about our commitment and dedication to every client's success.

We bring deep, functional expertise, but are known for our holistic perspective: we capture value across boundaries and between the silos of any organization. We have proven a multiplier effect from optimizing the sum of the parts, not just the individual pieces. We actively encourage a culture of innovation, which facilitates the development of new technologies and ensures a high quality product.

What do we offer?

- Project Identification
- Detailed Project Reports/Pre-feasibility Reports
- Market Research Reports
- Business Plan
- Technology Books and Directory
- Industry Trend
- Databases on CD-ROM
- Laboratory Testing Services
- Turnkey Project Consultancy/Solutions
- Entrepreneur India (An Industrial Monthly Journal)

How are we different ?

- We have two decades long experience in project consultancy and market research field
- We empower our customers with the prerequisite know-how to take sound business decisions
- We help catalyze business growth by providing distinctive and profound market analysis
- We serve a wide array of customers, from individual entrepreneurs to Corporations and Foreign Investors

www.entrepreneurindia.co

• We use authentic & reliable sources to ensure business precision

Our Approach

Requirement collection

Thorough analysis of the project

Economic feasibility study of the Project

Market potential survey/research

Report Compilation

Who do we serve?

- Public-sector Companies
- Corporates
- Government Undertakings
- Individual Entrepreneurs
- \circ NRI's
- Foreign Investors
- Non-profit Organizations, NBFC's
- Educational Institutions
- Embassies & Consulates
- Consultancies
- Industry / trade associations

Sectors We Cover

- Ayurvedic And Herbal Medicines, Herbal Cosmetics
- Alcoholic And Non Alcoholic Beverages, Drinks
- O Adhesives, Industrial Adhesive, Sealants, Glues, Gum & Resin
- Activated Carbon & Activated Charcoal
- Aluminium And Aluminium Extrusion Profiles & Sections,
- Bio-fertilizers And Biotechnology
- Breakfast Snacks And Cereal Food
- O Bicycle Tyres & Tubes, Bicycle Parts, Bicycle Assembling

- Bamboo And Cane Based Projects
- Building Materials And Construction Projects
- Biodegradable & Bioplastic Based Projects
- Chemicals (Organic And Inorganic)
- Confectionery, Bakery/Baking And Other Food
- Cereal Processing
- Coconut And Coconut Based Products
- Cold Storage For Fruits & Vegetables
- Coal & Coal Byproduct

- Copper & Copper Based Projects
- Dairy/Milk Processing
- O Disinfectants, Pesticides, Insecticides, Mosquito Repellents,
- Electrical, Electronic And Computer based Projects
- Essential Oils, Oils & Fats And Allied
- Engineering Goods
- Fibre Glass & Float Glass
- Fast Moving Consumer Goods
- Food, Bakery, Agro Processing

- Fruits & Vegetables Processing
- Ferro Alloys Based Projects
- Fertilizers & Biofertilizers
- Ginger & Ginger Based Projects
- Herbs And Medicinal Cultivation And Jatropha (Biofuel)
- Hotel & Hospitability Projects
- Hospital Based Projects
- Herbal Based Projects
- Inks, Stationery And Export Industries

- Infrastructure Projects
- Jute & Jute Based Products
- Leather And Leather Based Projects
- Leisure & Entertainment Based Projects
- Livestock Farming Of Birds & Animals
- Minerals And Minerals
- Maize Processing(Wet Milling) & Maize Based Projects
- Medical Plastics, Disposables Plastic Syringe, Blood Bags
- Organic Farming, Neem Products Etc.

- Paints, Pigments, Varnish & Lacquer
- Paper And Paper Board, Paper Recycling Projects
- Printing Inks
- Packaging Based Projects
- Perfumes, Cosmetics And Flavours
- Power Generation Based Projects & Renewable Energy Based Projects

- Pharmaceuticals And Drugs
- Plantations, Farming And Cultivations
- Plastic Film, Plastic Waste And Plastic Compounds
- Plastic, PVC, PET, HDPE, LDPE Etc.

- Potato And Potato Based Projects
- Printing And Packaging
- *Real Estate, Leisure And Hospitality*
- Rubber And Rubber Products
- Soaps And Detergents
- Stationary Products
- Spices And Snacks Food
- Steel & Steel Products
- Textile Auxiliary And Chemicals

- Township & Residential Complex
- Textiles And Readymade Garments
- Waste Management & Recycling
- Wood & Wood Products
- Water Industry(Packaged Drinking Water & Mineral Water)
