

Production of *White Petroleum Jelly* *from Crude Oil*

Profitable Investment Opportunities in Petroleum Sector

Introduction

Petroleum Jelly is a semi-solid mixture of hydrocarbons, at first promoted as a topical ointment for its healing properties. Petroleum jelly is a flammable, semi-solid aggregate of hydrocarbons, having a melting-point generally within a few tiers of 75°C. It is colorless, or of a light yellow color, translucent, and devoid of flavor and scent while pure.

White petroleum jelly could be a non-polar organic compound hydrophobic and insoluble in water, alcohol (not an organic compound however Associate in Nursing alcohol) is that the opposite petroleum jelly is therefore powerfully hydrophilic that by continuous absorption of wetness from the air, it produces the sensation of wetness on the skin, almost like the greasiness. The feeling is comparable, however white petroleum jelly repels water, and glycerin attracts it.

Types:-

Petroleum jelly, petrolatum, white petrolatum, soft paraffin, or multi-hydrocarbon

Other Products in 'Petroleum Jelly' Category:-

- White Petrolatum JP
- White Soft Paraffin IP
- Petrolatum USP
- Yellow Soft Paraffin IP
- White Petroleum Jelly
- White Soft Paraffin BP

Related Projects: - [Petroleum and Petroleum Products](#)

Uses:-

It is a helpful material once incorporated into candle wax formulas. The petroleum jelly softens the general mix, permits the candle to include extra fragrance oil, and facilitates adhesion to the sidewall of glass. Petroleum jelly was at one time used as the simplest way to pitch a spitball in baseball. Petroleum jelly is used to moisten synthetic, as a part of a combination of hydrocarbons together with larger (paraffin wax) and lesser (mineral oil) molecular weights.

Medical Treatment: - Chesebrough originally promoted petroleum jelly primarily as an ointment for scrapes, burns, and cuts, however studies have shown that petroleum jelly has neither healthful result nor any effect on the blistering method, neither is it absorbed by the skin. Petroleum jelly complete attention petroleum jelly, or dissolving agent petroleum jelly containing phenol to provide the jelly further antibacterial drug impact. Acting as an ointment, it provides protection against ultraviolet rays. crude oil jelly's effectiveness in accelerating wound healing stems from its protection effect on cuts and burns, that inhibits germs from moving into the wound and keeps the battle-scarred space supple by preventing the skin's moisture from evaporating.

A verified medicative use is to safeguard and prevent wet loss of the skin of a patient within the initial post-operative period following optical device skin resurfacing. Petroleum jelly is used extensively by otolaryngologists - head and neck surgeons for nasal moisture, epistaxis treatment moreover as to combat nasal crusting.

Skin and Hair Care: - Most petroleum jelly today is used as an ingredient in skin lotions and [cosmetics](#), providing various types of skin care and protection by minimizing friction or reducing moisture loss, or by functioning as a grooming aid.

Moisture Loss: - By reducing moisture loss, petroleum jelly can prevent chapped hands and lips, and soften nail cuticles. Petroleum jelly can be used to keep swimmers warm in water when training or during channel crossings or long ocean swims. It can prevent chilling of the face due to evaporation of skin moisture during cold weather outdoor sports.

Hair Grooming: - petroleum jelly, either pure or as an ingredient, was conjointly common as a hair pomade. Once used in a 50/50 mixture with pure beeswax, it makes a good hair wax. It's used as a key ingredient for conditioners of Afro-textured hair

Skin Lubrication:- Petroleum jelly can be used to reduce the friction between skin and clothing during various sport activities, for example to prevent chafing of the seat region of cyclists, the nipples of long distance runners wearing loose t-shirts, and is commonly used in the crotch area of wrestlers and footballers. Petroleum jelly is commonly used as a personal lubricant.

- Inks
- Pharmaceutical Products
- Cosmetic
- Paints and Coatings
- Textile and Leather
- Personal Car

Application Sector:-

Petroleum jelly is an ingredient in many cosmetics and lotions. Originally it was marketed as a burn ointment. Petroleum jelly also may be applied to dry or chapped skin to seal in moisture. A variation known as red veterinary petroleum confers some protection against UV (ultraviolet) exposure and has been used as a sunscreen.

- Pharmaceuticals/ Cosmetics industry
- Jelly filled cable
- Leather industry
- Rubber industry

Other miscellaneous application including rust prevention etc.

Petroleum jelly white / yellow IP uses are as follows:

- Skin ointment / Skin cream
- Hair Vaseline
- Pain balm
- Cold cream and cosmetic preparations
- Ophthalmic ointment
- Vaporub Ointment

Market Outlook

Increase in the demand for pharmaceutical and [cosmetic products](#) is expected to drive the global petroleum jelly market in the near future. Petroleum jelly forms a sealing barrier on dry and damaged skin, which locks the moisture and helps in speeding up natural recovery process of the skin. This generates high demand for petroleum jelly in pharmaceutical and [cosmetics industries](#). Petroleum jelly is an excellent anti-rusting agent and water repellent. It is odorless and inert. These properties of petroleum jelly is expected to drive the market. Since industries such as marine, [leather](#), telecommunications, and manufacturing require petroleum jelly for several applications wherein rusting or water can cause severe damage to equipment and operations. Thus, use of petroleum jelly helps these industries to overcome challenges in an efficient manner.

Increase within the demand for natural pharmaceutical and [cosmetic](#) merchandise across the world will be one in all the most important restraints of the worldwide petroleum jelly market, because of increase in awareness concerning natural products and rise within the getting power of shoppers. Availableness of substitutes for petroleum jelly with natural ingredients will be another restraint of the market. The global petroleum jelly market may be metameric in terms of grade and end-user business.

In terms of end-user business, the worldwide petroleum jelly market will be classified into pharmaceutical, cosmetics & personal care, shipping, leather, telecommunications, and others. Petroleum jelly is with [chemicals](#) inert, because of that it doesn't react [chemically](#) in pharmaceutical merchandise. Because of this property, it's mostly utilized in the pharmaceutical business. This drives the pharmaceutical segment of the worldwide market.

Based on region, the worldwide petroleum jelly market are often classified into North America, Asia Pacific, Europe, geographical area, and geographical area & Africa. North America is projected to form substantial contributions toward the expansion of the marketplace for petroleum jelly within the near future. Being one among the most important manufacturers of pharmaceutical and cosmetic merchandise across the world, the U.S. is anticipated to lead the North America petroleum jelly market. As countries such as China, Japan, and India witness high demand for petroleum-jelly-based [pharmaceutical](#) and cosmetic products.

Various Cosmetics and [pharmaceuticals](#) are utilized by the big variety of individuals generally for wounds, cuts, burns, skin diseases. In today's business world, additional and [cosmetics industries](#) are developing and thereby increasing the demand for the raw materials like petroleum jelly. Therefore it will be assumed that the petroleum jelly is having excellent market potential visible of development of cosmetic & [pharmaceutical business](#) in Asian country.

Petroleum jelly is mixture of mineral waxes and oils that on lock wetness in skin, moisturizing it to repair and relieve waterlessness. They're stable in such fashion that the oil appears to form the inner part, whereas the wax compound forms the external phase. Petroleum jelly is created by the waxy crude oil material that formed on oil rigs and distilling it. The lighter and dilutant oil-based product conjures petroleum jelly, in addition mentioned as [white petroleum jelly](#) or simply as petrolatum.

Production Processes:-

Petroleum jelly is a useful material when incorporated into candle wax formulas. The petroleum jelly softens the overall blend, allows the candle to incorporate additional fragrance oil, and facilitates adhesion to the sidewall of the glass. Petroleum jelly is used to moisten nondrying modeling clay such as plasticine, as part of a mix of hydrocarbons including those with greater (paraffin wax) and lesser (mineral oil) molecular weights. It can be used as a release agent for plaster molds and castings. It is used in the leather industry as a waterproofing cream. It can be used for tinder, lightly coated on a cotton ball. It has been used as a secondary ingredient in a Molotov cocktail, to make the flames stick to any surface they touch and to make large amounts of smoke.

Key Players:-

- Unilever
- Sonneborn LLC
- Sasol
- Raj Petro
- Eastern Petroleum
- Persia Paraffin
- Sovereign Chemicals & Cosmetics
- Unisynth Group
- Shimi Taghtiran Company

Major Queries/Questions Answered in the Report?

- 1. What is White Petroleum Jelly from Crude Oil Manufacturing industry ?**
- 2. How has the White Petroleum Jelly from Crude Oil Manufacturing industry performed so far and how will it perform in the coming years ?**
- 3. What is the Project Feasibility of White Petroleum Jelly from Crude Oil Manufacturing Plant ?**
- 4. What are the requirements of Working Capital for setting up White Petroleum Jelly from Crude Oil Manufacturing plant ?**

- 5. What is the structure of the White Petroleum Jelly from Crude Oil Manufacturing Business and who are the key/major players ?**
- 6. What is the total project cost for setting up White Petroleum Jelly from Crude Oil Manufacturing Business?**
- 7. What are the operating costs for setting up White Petroleum Jelly from Crude Oil Manufacturing plant ?**
- 8. What are the machinery and equipment requirements for setting up White Petroleum Jelly from Crude Oil Manufacturing plant ?**

9. Who are the Suppliers and Manufacturers of Plant & Machinery for setting up White Petroleum Jelly from Crude Oil Manufacturing plant ?

10. What are the requirements of raw material for setting up White Petroleum Jelly Manufacturing plant ?

11. Who are the Suppliers and Manufacturers of Raw materials for setting up White Petroleum Jelly Manufacturing Business?

12. What is the Manufacturing Process of White Petroleum Jelly from Crude Oil?

- 13. What is the total size of land required for setting up White Petroleum Jelly from Crude Oil Manufacturing plant ?**
- 14. What will be the income and expenditures for White Petroleum Jelly from Crude Oil Manufacturing Business?**
- 15. What are the Projected Balance Sheets of White Petroleum Jelly from Crude Oil Manufacturing plant ?**
- 16. What are the requirement of utilities and overheads for setting up White Petroleum Jelly from Crude Oil Manufacturing plant?**
- 17. What is the Built up Area Requirement and cost for setting up White Petroleum Jelly from Crude Oil Manufacturing Business?**

- 18. What are the Personnel (Manpower) Requirements for setting up White Petroleum Jelly from Crude Oil Manufacturing Business?**
- 19. What are Statistics of Import & Export for White Petroleum Jelly?**
- 20. What is the time required to break-even of White Petroleum Jelly from Crude Oil Manufacturing Business?**
- 21. What is the Break-Even Analysis of White Petroleum Jelly from Crude Oil Manufacturing plant?**
- 22. What are the Project financials of White Petroleum Jelly from Crude Oil Manufacturing Business?**

- 23. What are the Profitability Ratios of White Petroleum Jelly from Crude Oil Manufacturing Project?**
- 24. What is the Sensitivity Analysis-Price/Volume of White Petroleum Jelly from Crude Oil Manufacturing plant?**
- 25. What are the Projected Pay-Back Period and IRR of White Petroleum Jelly from Crude Oil Manufacturing plant?**
- 26. What is the Process Flow Sheet Diagram of White Petroleum Jelly from Crude Oil Manufacturing project?**

27. What are the Market Opportunities for setting up White Petroleum Jelly from Crude Oil Manufacturing plant?

28. What is the Market Study and Assessment for setting up White Petroleum Jelly from Crude Oil Manufacturing Business?

29. What is the Plant Layout for setting up White Petroleum Jelly from Crude Oil Manufacturing Business?

Table of Contents of the Project Report

Our Detailed Project Report contains

- Introduction
- Properties
- Uses & Applications
- List of Plant & Machineries
- Miscellaneous Items and Accessories
- Instruments, Laboratory Equipments and Accessories
- Electrification, Electric Load and Water
- Maintenance, Suppliers/Manufacturers of Plant and Machineries
- Process of Manufacture
- Flow Sheet Diagram
- List of Raw Materials
- Availability of Raw Materials
- Requirement of Staff & Labour
- Skilled & Unskilled Labour
- Requirement of Land Area
- Built up Area
- Plant Layout.

➤ **Along with financial details as under:**

➤ **Assumptions for Profitability workings**

- Plant Economics
- Production Schedule
- Land & Building
- Factory Land & Building
- Site Development Expenses

➤ **Plant & Machinery**

- Indigenous Machineries
- Other Machineries (Miscellaneous, Laboratory etc.)

➤ **Other Fixed Assets**

- Furniture & Fixtures
- Pre-operative and Preliminary Expenses
- Technical Knowhow
- Provision of Contingencies

Working Capital Requirement Per Month

- Raw Material
- Packing Material
- Lab & ETP Chemical Cost
- Consumable Store

Overheads Required Per Month And Per Annum

- Utilities & Overheads (Power, Water and Fuel Expenses etc.)
- Royalty and Other Charges
- Selling and Distribution Expenses
- Salary and Wages
- Turnover Per Annum
- Share Capital
- Equity Capital
- Preference Share Capital

Annexure 1 Cost of Project and Means of Finance

Annexure 2 Profitability and Net Cash Accruals

- Revenue/Income/Realisation
- Expenses/Cost of Products/Services/Items

Gross Profit

- Financial Charges
- Total Cost of Sales
- Net Profit After Taxes
- Net Cash Accruals

Annexure 3 :: Assessment of Working Capital requirements

- Current Assets
- Gross Working. Capital
- Current Liabilities
- Net Working Capital
- Working Note for Calculation of Work-in-process

Annexure 4 :: Sources and Disposition of Funds

Annexure 5 :: Projected Balance Sheets

- ROI (Average of Fixed Assets)
- RONW (Average of Share Capital)
- ROI (Average of Total Assets)

Annexure 6 :: Profitability ratios

- D.S.C.R
- Earnings Per Share (EPS)
- Debt Equity Ratio

Annexure 7 :: Break-Even Analysis

- Variable Cost & Expenses
- Semi-Var./Semi-Fixed Exp.
- Profit Volume Ratio (PVR)
- Fixed Expenses / Cost
- B.E.P

Annexure 8 to 11 :: Sensitivity Analysis-Price/Volume

- Resultant N.P.B.T
- Resultant D.S.C.R
- Resultant PV Ratio
- Resultant DER
- Resultant ROI
- Resultant BEP

Annexure 12 :: Shareholding Pattern and Stake Status

Equity Capital

Preference Share Capital

Annexure 13 :: Quantitative Details-Output/Sales/Stocks

- Determined Capacity P.A of Products/Services
- Achievable Efficiency/Yield % of Products/Services/Items
- Net Usable Load/Capacity of Products/Services/Items
- Expected Sales/ Revenue/ Income of Products/ Services/ Items

Annexure 14 ::Product wise domestic Sales Realisation

Annexure 15 :: Total Raw Material Cost

Annexure 16 :: Raw Material Cost per unit

Annexure 17 :: Total Lab & ETP Chemical Cost

Annexure 18 :: Consumables, Store etc.

Annexure 19 :: Packing Material Cost

Annexure 20 :: Packing Material Cost Per Unit

Annexure 21 :: Employees Expenses

Annexure 22 :: Fuel Expenses

Annexure 23 :: Power/Electricity Expenses

Annexure 24 :: Royalty & Other Charges

Annexure 25 :: Repairs & Maintenance Exp.

Annexure 26 :: Other Mfg. Expenses

Annexure 27 :: Administration Expenses

Annexure 28 :: Selling Expenses

Annexure 29 :: Depreciation Charges – as per Books (Total)

Annexure 30 :: Depreciation Charges – as per Books (P & M)

Annexure 31 :: Depreciation Charges - As per IT Act WDV (Total)

Annexure 32 :: Depreciation Charges - As per IT Act WDV (P & M)

Annexure 33 :: Interest and Repayment - Term Loans

Annexure 34:: Tax on Profits

Annexure 35 :: Projected Pay-Back Period And IRR

Reasons for Buying our Report:

- **This report helps you to identify a profitable project for investing or diversifying into by throwing light to crucial areas like industry size, market potential of the product and reasons for investing in the product**
- **This report provides vital information on the product like it's characteristics and segmentation**
- **This report helps you market and place the product correctly by identifying the target customer group of the product**

- **This report helps you understand the viability of the project by disclosing details like machinery required, project costs and snapshot of other project financials**
- **The report provides a glimpse of government regulations applicable on the industry**
- **The report provides forecasts of key parameters which helps to anticipate the industry performance and make sound business decisions**

Our Approach:

- **Our research reports broadly cover Indian markets, present analysis, outlook and forecast for a period of five years.**
- **The market forecasts are developed on the basis of secondary research and are cross-validated through interactions with the industry players**
- **We use reliable sources of information and databases. And information from such sources is processed by us and included in the report**

Scope of the Report

The report titled “Market Survey cum Detailed Techno Economic Feasibility Report on White Petroleum Jelly from Crude Oil.” provides an insight into White Petroleum Jelly from Crude Oil market in India with focus on uses and applications, Manufacturing Process, Process Flow Sheets, Plant Layout and Project Financials of White Petroleum Jelly from Crude Oil project. The report assesses the market sizing and growth of the Indian White Petroleum Jelly from Crude Oil Industry. While expanding a current business or while venturing into new business, entrepreneurs are often faced with the dilemma of zeroing in on a suitable product/line. And before diversifying/venturing into any product, they wish to study the following aspects of the identified product:

- **Good Present/Future Demand**
- **Export-Import Market Potential**
- **Raw Material & Manpower Availability**
- **Project Costs and Payback Period**

We at NPCS, through our reliable expertise in the project consultancy and market research field, have demystified the situation by putting forward the emerging business opportunity in the White Petroleum Jelly from Crude Oil sector in India along with its business prospects. Through this report we have identified White Petroleum Jelly from Crude Oil project as a lucrative investment avenue.

▪ Detailed Project Reports

NPCS is manned by engineers, planners, specialists, financial experts, economic analysts and design specialists with extensive experience in the related industries.

Our Market Survey cum Detailed Techno Economic Feasibility Report provides an insight of market in India. The report assesses the market sizing and growth of the Industry. While expanding a current business or while venturing into new business, entrepreneurs are often faced with the dilemma of zeroing in on a suitable product/line.

And before diversifying/venturing into any product, they wish to study the following aspects of the identified product:

- **Good Present/Future Demand**
- **Export-Import Market Potential**
- **Raw Material & Manpower Availability**
- **Project Costs and Payback Period**

The detailed project report covers all aspect of business, from analyzing the market, confirming availability of various necessities such as Manufacturing Plant, Detailed Project Report, Profile, Business Plan, Industry Trends, Market Research, Survey, Manufacturing Process, Machinery, Raw Materials, Feasibility Study, Investment Opportunities, Cost and Revenue, Plant Economics, Production Schedule,

Working Capital Requirement, uses and applications, Plant Layout, Project Financials, Process Flow Sheet, Cost of Project, Projected Balance Sheets, Profitability Ratios, Break Even Analysis. The DPR (Detailed Project Report) is formulated by highly accomplished and experienced consultants and the market research and analysis are supported by a panel of experts and digitalized data bank.

We at NPCS, through our reliable expertise in the project consultancy and market research field, have demystified the situation by putting forward the emerging business opportunity in India along with its business prospects.....[Read more](#)

Niir PROJECT CONSULTANCY SERVICES

An ISO 9001:2015 Company

www.entrepreneurindia.co

Who are we?

- *One of the leading reliable names in industrial world for providing the most comprehensive technical consulting services*
- *We adopt a systematic approach to provide the strong fundamental support needed for the effective delivery of services to our Clients' in India & abroad*

We at NPCS want to grow with you by providing solutions scale to suit your new operations and help you reduce risk and give a high return on application investments. We have successfully achieved top-notch quality standards with a high level of customer appreciation resulting in long lasting relation and large amount of referral work through technological breakthrough and innovative concepts. A large number of our Indian, Overseas and NRI Clients have appreciated our expertise for excellence which speaks volumes about our commitment and dedication to every client's success.

We bring deep, functional expertise, but are known for our holistic perspective: we capture value across boundaries and between the silos of any organization. We have proven a multiplier effect from optimizing the sum of the parts, not just the individual pieces. We actively encourage a culture of innovation, which facilitates the development of new technologies and ensures a high quality product.

What do we offer?

- *Project Identification*
- *Detailed Project Reports/Pre-feasibility Reports*
- *Market Research Reports*
- *Business Plan*
- *Technology Books and Directory*
- *Industry Trend*
- *Databases on CD-ROM*
- *Laboratory Testing Services*
- *Turnkey Project Consultancy/Solutions*
- *Entrepreneur India (An Industrial Monthly Journal)*

How are we different ?

- *We have two decades long experience in project consultancy and market research field*
- *We empower our customers with the prerequisite know-how to take sound business decisions*
- *We help catalyze business growth by providing distinctive and profound market analysis*
- *We serve a wide array of customers , from individual entrepreneurs to Corporations and Foreign Investors*
- *We use authentic & reliable sources to ensure business precision*

Our Approach

Requirement collection

Thorough analysis of the project

Economic feasibility study of the Project

Market potential survey/research

Report Compilation
