

What Business Can I Start When I Have An Investment Available Of 2 Lakh To 50 Lakhs?

A circular inset image in the top left corner showing a person's hands pointing at a document with various charts and graphs, including a bar chart and a pie chart.

Introduction:

Are you looking for a way to start a business that produces Cold Pressed Rice Bran Oil (Edible Oil), Ferric Pyrophosphate, Basic Violet 10 (Rhodamine B Base), Spices (Coriander, Chilli, and Turmeric & Cumin), Steel Epoxy Putty Stick, and Banana Ripening Chamber? If so, then you've come to the right place! This blog post will provide you with all the information you need to get your oil, pyrophosphate, violet10, spices, putty, and ripening business off the ground.

A circular inset image in the bottom right corner showing a person's hands using a calculator and pointing at a document with charts and graphs.

Start-Up Production of

***Cold Pressed Rice
Bran Oil (Edible Oil)***

Cold Pressed Rice Bran Oil (Edible Oil) is a type of cooking oil that is produced by cold pressing the husk of rice. Cold-pressing is a method of extracting oil from seeds or grains without the use of heat or chemical solvents. It's an efficient, clean and safe way to obtain oil without sacrificing any of its nutritional qualities. Cold pressed rice bran oil is an edible oil made from the outer husk of the rice grain. It is known for its high antioxidant content and health-promoting properties. Rice bran oil is packed with healthy monounsaturated fatty acids, vitamin E, B-vitamins, and other beneficial compounds.

Visit this Page for more Information: [Start a Business in Edible Oil Industry](#)

The global rice bran oil market size was USD 6.16 billion in 2020. The market is projected to grow from USD 6.67 billion in 2021 to USD 12.27 billion by 2028 at a CAGR of 9.09% during the 2021-2028 period. The demand for cosmetic products, such as creams, gels, and other skincare products, increases rapidly.

Ferric

Pyrophosphate

Plant

Ferric pyrophosphate is a chemical compound often used as a food additive. It is considered safe for consumption, and has been granted GRAS status by the FDA. It can be used as an iron supplement for humans, animals, and plants. In addition to its antioxidant properties, it also has the ability to slow down the release of sugar from starchy foods such as breads and pastries. Ferric pyrophosphates also have anti-rusting properties which makes them a key ingredient in many automotive paints.

Visit this Page for more Information: [Start a Business in Chemical Industry Projects](#)

The demand for ferric pyrophosphates has been growing steadily over the past decade, so this could be a great opportunity to invest in this industry! In conclusion, the ferric pyrophosphate market is booming. The demand for ferric pyrophosphates is growing by 8% annually as it becomes more popular with manufacturers. Plus, its versatility makes it a great choice for many different purposes and products. Companies are now competing to find innovative ways to use this mineral additive, creating even more opportunities for new businesses.

Basic Violet 10 (Rhodamine B Base)

Manufacturing Business

Basic Violet 10 is a dye that is used to produce a variety of colors. In the textile industry, it's often used to make pink shades. The chemical formula for Basic Violet 10 is $C_9H_7N_3O_5$. It's also used in printing ink and inks for ball point pens. Basic Violet 10 is used in the textile industry for printing and dyeing. It can also be used as a stain remover, degreaser, and general cleaner to remove dirt from fabrics. Basic violet 10 has also found its way into the ink-jet printer market, where it is commonly used to print on paper products.

Visit this Page for more Information: [Start a Business in Dyestuff sector Dye Intermediates Industry](#)

Basic Violet 10 (Rhodamine B Base) is a product that has been in high demand for years. Starting a Basic Violet 10 (Rhodamine B Base) business can be financially rewarding and relatively easy to get started. The global Rhodamine B Base market is forecasted to grow at a CAGR of 9.1% during 2017–2023. The growth of the market is mainly driven by rising demand. Basic Violet-10 (Rhodamine B Base). In fact, it has been said that this chemical is one of the most popular products in the world right now. With a variety of different applications, there's no doubt that this product will continue to grow in popularity.

BUSINESS PLAN FOR

TRADING/EXPORT

OF SPICES

(CORIANDER,

CHILLI, TURMERIC

& CUMIN)

Indian culture has a very long history with spices, especially in the cuisine. Indian cuisine is heavily influenced by the availability of different spices from across India's subcontinent. Spices are so integral to Indian food that every meal typically has at least two or three different types. It's not uncommon for an Indian dish to have up to six or seven different kinds of spices. Spice trading is one of the most lucrative and fascinating industries in the world.

Visit this Page for more Information: [Start a Business in Spices Industry](#)

With the industry valued at \$14 billion annually, there is a lot of money to be made. If you're looking for an exciting new venture that could lead you to both financial stability and international adventure, look no further than spice trading. The global spices market size was valued at USD 5.86 billion in 2019 and is expected to expand at a compound annual growth rate (CAGR) of 6.5% from 2020 to 2027. Spice trade has been a major industry for centuries and continues to be so in many parts of the world.

Related Business Plan: [Start Business of Trading of Spices \(Coriander, Chilli, Turmeric & Cumin\)](#)

Start A Business of Manufacturing

Steel Epoxy Putty Stick

In the 1960s, MIT researchers developed the steel epoxy putty stick, which has been in use ever since. The putty stick's appearance hasn't changed much over the years, but one thing is for certain: no matter what your needs may be, it works. You can utilise this special equipment in a variety of ways every day, including for extreme landings, home repairs, and arts and crafts. Steel epoxy putty sticks are some of the most lightweight and convenient tools for construction workers. Today, one company alone sells over 2 million steel epoxy putty sticks per year.

Visit this Page for more Information: [Start a Business in Epoxy Resin Industry](#)

The benefits for companies making this product are endless. Not only does it make an impact on people's lives but it also has great economic advantages to boot.

1. Permanently fix any sort of metal or steel that is broken or deteriorating.
2. Bonds to metal.
3. Used for all sorts of repairs: metal machinery, tools, pipes, car parts, lawn care equipment.

Steel epoxy putty sticks are everywhere in India, and it's growing at an exponential rate. With its popularity coming from different marketplaces such as steel factories, construction sites, railway construction, and many more industries. The global Epoxy Putty Sticks market was valued at 504.07 Million USD in 2021 and will grow with a CAGR of 3.01% from 2021 to 2027. Asia Pacific is expected to have the largest epoxy putty sticks market during the forecast period. The increasing demand from the speedily enlarging construction associated products across the world.

Related Business Plan: [Start a Business of Manufacturing Steel Epoxy Putty Stick](#)

Setting Up

Banana Ripening Chamber

A banana ripening chamber is a controlled environment where temperature, humidity, and ventilation can be regulated to speed up the ripening process of bananas. A banana ripening chamber is a great way to control the ripeness of your bananas. A banana ripening chamber is a great way to extend the shelf life of your bananas. By ripening the bananas in a controlled environment, you can keep them fresh for up to two weeks.

Visit this Page for more Information: [Start a Business in Cold storage Industry](#)

Plus, a ripening chamber can also be used to store other fruits and vegetables. The Indian market for banana ripening chambers is growing rapidly. This is due to the increasing demand for fresh bananas and the need for a controlled environment to ripen them. A banana ripening chamber is a simple and effective way to control the ripening process of bananas.

Reasons for Buying Our Business Plan

- ✓ **The Business Plan helps you to identify a profitable project for investing or diversifying into by throwing light to crucial areas like industry size, market potential of the product and reasons for investing in the product**
- ✓ **This Business Plan provides vital information on the product like it's characteristics and segmentation**
- ✓ **This Business Plan helps you market and place the product correctly by identifying the target customer group of the product**

- ✓ **This Business Plan helps you understand the viability of the project by disclosing details like machinery required, project costs and snapshot of other project financials**
- ✓ **The Business Plan provides a glimpse of government regulations applicable on the industry**
- ✓ **The Business Plan provides forecasts of key parameters which helps anticipate the industry performance and make sound business decisions**

Our Approach

- **Our research reports broadly cover Indian markets, present analysis, outlook and forecast for a period of five years.**
- **The market forecasts are developed on the basis of secondary research and are cross-validated through interactions with the industry players**
- **We use reliable sources of information and databases. And information from such sources is processed by us and included in the report**

How to Choose The Right Business For You?

Free Instant Online Project Identification and Selection Service

Our Team has simplified the process for you by providing a "Free Instant Online Project Identification & Selection" search facility to identify Businesses based on multiple search parameters related to project costs namely: Plant & Machinery Cost, Total Capital Investment, Cost of the project, Rate of Return% (ROR) and Break Even Point % (BEP). You can sort the Business Ideas on the basis of mentioned pointers and identify a suitable Business Plan matching your investment requisites.....[Read more](#)

NPCS is manned by engineers, planners, specialists, financial experts, economic analysts and design specialists with extensive experience in the related industries.

Our Market Survey cum Detailed Techno Economic Feasibility Report provides an insight of market in India. The report assesses the market sizing and growth of the Industry. While expanding a current business or while venturing into new business, entrepreneurs are often faced with the dilemma of zeroing in on a suitable product/line.

And before diversifying/venturing into any product, they wish to study the following aspects of the identified product:

- **Good Present/Future Demand**
- **Export-Import Market Potential**
- **Raw Material & Manpower Availability**
- **Project Costs and Payback Period**

The Business Plan covers all aspect of business, from analyzing the market, confirming availability of various necessities such as Manufacturing Plant, Detailed Project Report, Profile, Business Plan, Industry Trends, Market Research, Survey, Manufacturing Process, Machinery, Raw Materials, Feasibility Study, Investment Opportunities, Cost and Revenue, Plant Economics, Production Schedule,

Working Capital Requirement, uses and applications, Plant Layout, Project Financials, Process Flow Sheet, Cost of Project, Projected Balance Sheets, Profitability Ratios, Break Even Analysis. The DPR (Detailed Project Report) is formulated by highly accomplished and experienced consultants and the market research and analysis are supported by a panel of experts and digitalized data bank.

We at NPCS, through our reliable expertise in the project consultancy and market research field, have demystified the situation by putting forward the emerging business opportunity in India along with its business prospects.....[Read more](#)

Who are we?

A trusted and leading name in the industry, we have been putting forth exceptionally integrated and comprehensive technical consultancy services. We believe that project consultancy serves as a critical element for the success of your projects. Moreover, we keep in mind that no client is the same and nor are the requirements. Therefore, we ensure uniqueness in every service you avail from us.

What do we offer?

- **Selection of Right Business Ideas For You (Project Identification)**
- **Detailed Project Reports/Pre-feasibility Reports**
- **Market Research Reports**
- **Business Plan**
- **Technology Books and Directory**
- **Industry Trend**
- **Databases on CD-ROM**
- **Laboratory Testing Services**
- **Turnkey Project Consultancy/Solutions**
- **Entrepreneur India (An Industrial Monthly Journal)**

How are we different ?

- We have two decades long experience in project consultancy and market research field
- We empower our customers with the prerequisite know-how to take sound business decisions
- We help catalyze business growth by providing distinctive and profound market analysis
- We serve a wide array of customers , from individual entrepreneurs to Corporations and Foreign Investors
- We use authentic & reliable sources to ensure business precision

Who do we Serve?

- Public-sector Companies
- Corporates
- Government Undertakings
- Individual Entrepreneurs
- NRI's
- Foreign Investors
- Non-profit Organizations, NBFC's
- Educational Institutions
- Embassies & Consulates
- Consultancies
- Industry / trade associations
