

**Start your Business,
Create your Future
(With Own Startup)**

How to Start ???

Everyone wants to create something thing they can call their own and be able to inspire others to follow on your footsteps. Creating a startup is not as easy as it looks on paper. It requires sheer will and determination that will help you to get over the trying times.

Owning a business requires you to do the majority – if not all – of the work unless you get a partner early on.

To run a successful business, you need to learn all about your existing and potential customers, your competitors and the economic conditions of your market place.

The small industries sector plays a vital role in the industrial development of the recent globalization process. In both developed and developing countries, the Government is turning to small and medium scale industries and entrepreneurs, as a means of economic development and a veritable means of solving problems.

It is a seedbed of innovations, inventions and employment. Entrepreneurship helps in the development of nation. A successful entrepreneur not only creates employment for himself but for hundreds. Deciding on a right project can lead you to the road to success.

Any unit or new entrepreneur, establishing or implementing the project needs a complete set of plan and finance for making it successful. You do not need to be a genius to run a successful business, but you do need some help. And that is exactly what this book is, a guide into the stimulating world of business ownership and management.

This book illustrates about the entrepreneurship and new venture opportunities, an entrepreneurial perspective, economics and entrepreneurship, a model for new ventures: feasibility planning, financial resources for new ventures, asset management,

small business investment corporations, and financial assistance through national & state level institutions. This book also contains the list of small, cottage, tiny and village industries, list of small scale services/ business enterprises etc.

This book will help you to handle all aspects of running your own business. This is very useful book for new entrepreneurs. You will see how your dream to be your own boss becomes a reality.
