

Start Extraction Business of

**Essential Oil
from Lemon Grass**

**Opportunities in Manufacturing
of Lemongrass Essential Oil.**

Introduction

The stalks of the lemongrass herb are used to extract lemongrass essential oil. It is mostly grown in Asia and is not available fresh all year. However, lemongrass oil, lemongrass extract, and dehydrated forms of lemongrass are now widely employed in a variety of applications.

It possesses anti-antiseptic, anti-fungal, anti-inflammatory, and other therapeutic qualities. Lemon grass essential oil is used to lower cholesterol, strengthen the nervous system, relieve stress, and relieve menstrual cramps, among other things. After that, the leaves are steam distilled to extract the oil.

Lemongrass oil is made from the leaves and stalks of the lemongrass plant and has a strong citrus fragrance. It's a common ingredient in soaps and other personal care items. Lemongrass oil may be extracted, and it's been used to treat stomach issues and high blood pressure by healthcare experts. It also has a slew of other possible health benefits.

Benefits of Lemongrass Essential Oil

Lemongrass essential oil's calming characteristics make it beneficial for the body after strenuous exercise. After a strenuous workout, apply Lemongrass essential oil topically where needed to benefit from the oil's calming effects. Lemongrass essential oil can help the body recover from physical exercise by calming it down.

Lemongrass has cleansing and toning properties for the skin and can be used as part of a skin care routine to create clear, toned skin. To help tone and purify skin, add a few drops of Lemongrass essential oil to your daily cleanser or moisturiser. Lemongrass oil, like Melaleuca, can help promote the appearance of healthy fingernails and toenails.

On get the most out of Lemongrass, mix it with Melaleuca essential oil and use it to your fingernails and toenails to help them look and feel clean. Lemongrass essential oil contains aldehydes, which make it useful for naturally repelling insects. Bugs can be kept at bay by diffusing Lemongrass essential oil or applying it topically.

Market Outlook

Between 2019 and 2027, the global lemongrass oil market is expected to reach USD 421.13 million, increasing at a CAGR of 6.9%. Growing knowledge of lemongrass oil's health advantages is a crucial aspect driving the global industry forward. Lemongrass oil is in high demand due to the public's growing desire for natural remedies.

The rising popularity of aromatherapy and the increasing availability of aromatherapy candles and diffusers are also contributing to the worldwide lemongrass market's rise. Furthermore, rising demand for lemongrass oil in the cosmetics and pharmaceutical industries is expected to propel the market forward in the approaching years.

Furthermore, lemongrass oil provides a variety of health benefits that are linked to essential oils, which are expected to increase demand for lemongrass oil in pharmaceutical and medical applications, and the product has no detrimental side effects, which will aid in penetrating the market in the future. Another key market driver is the growing use of culinary dishes in the food and beverage industry.

The market for lemongrass essential oil is being driven by an increase in the use of lemongrass essential oil in aromatherapy, as well as increased demand from the pharmaceutical industry due to increased health advantages and increased demand from the food and beverage industry for culinary meals.

Reasons for Buying Our Report

- ✓ **The report helps you to identify a profitable project for investing or diversifying into by throwing light to crucial areas like industry size, market potential of the product and reasons for investing in the product**
- ✓ **This report provides vital information on the product like it's characteristics and segmentation**
- ✓ **This report helps you market and place the product correctly by identifying the target customer group of the product**

- ✓ **This report helps you understand the viability of the project by disclosing details like machinery required, project costs and snapshot of other project financials**
- ✓ **The report provides a glimpse of government regulations applicable on the industry**
- ✓ **The report provides forecasts of key parameters which helps anticipate the industry performance and make sound business decisions**

Our Approach

- **Our research reports broadly cover Indian markets, present analysis, outlook and forecast for a period of five years.**
- **The market forecasts are developed on the basis of secondary research and are cross-validated through interactions with the industry players**
- **We use reliable sources of information and databases. And information from such sources is processed by us and included in the report**

Scope of the Report

The report titled “Market Survey cum Detailed Techno Economic Feasibility Report on Essential Oil from Lemon Grass.” provides an insight into Essential Oil from Lemon Grass market in India with focus on uses and applications, Manufacturing Process, Process Flow Sheets, Plant Layout and Project Financials of Essential Oil from Lemon Grass project. The report assesses the market sizing and growth of the Indian Essential Oil from Lemon Grass Industry. While expanding a current business or while venturing into new business, entrepreneurs are often faced with the dilemma of zeroing in on a suitable product/line. And before diversifying/venturing into any product, they wish to study the following aspects of the identified product:

- **Good Present/Future Demand**
- **Export-Import Market Potential**
- **Raw Material & Manpower Availability**
- **Project Costs and Payback Period**

We at NPCS, through our reliable expertise in the project consultancy and market research field, have demystified the situation by putting forward the emerging business opportunity in the Essential Oil from Lemon Grass sector in India along with its business prospects. Through this report we have identified Essential Oil from Lemon Grass project as a lucrative investment avenue.
