Indian Kitchen Spices

Herbal Beauty Products

Fertilizers

Vermiculture And Vermicompost

Wax And Polishes

Cold Storage

Pesticides, Insecticides, Fungicides And Herbicides

Resins

Unani Medicines

Surfactants

Handbook on Electric Vehicles Manufacturing (E- Car, Electric Bicycle, E- Scooter, E- Motorcycle, Electric Rickshaw, E- Bus, Electric Truck with Assembly Process, Machinery Equipment's & Layout)

An electric vehicle (EV) is one that is powered by an electric motor rather than an internal-combustion engine that burns a mixture of gasoline and gases to generate power. In order to solve issues such as:-

- a) Growing Pollution
- b) Global Warming,
- c) Natural Resource Depletion, and so on.

The book covers a wide range of information related to the manufacture of electric vehicles. It includes E- Car, Electric Bicycle, E- Scooter, E- Motorcycle, Electric Rickshaw, E- Bus, Electric Truck with Assembly Process, contact information for machinery suppliers, Directory Section & Factory Layout.

Order Now: [Handbook on Electric Vehicles Manufacturing \(E- Car, Electric Bicycle, E- Scooter, E- Motorcycle, Electric Rickshaw, E- Bus, Electric Truck with Assembly Process, Machinery Equipment's & Layout\)](#)

PAGES: 488
PRICE: RS. 3,695.00

Handbook on Production, Recycling Of Lithium Ion and Lead-Acid Batteries (With Manufacturing Process, Machinery Equipment Details & Plant Layout)

India is one of the world's largest battery manufacturers. Furthermore, there is an increase in global demand for batteries, and Indian battery producers are preparing to satisfy this need. The Indian battery sector has grown by 25% year over year and is expected to increase even more in the future.

The book covers a wide range of topics connected to Batteries, as well as their manufacturing processes. It also includes contact information for machinery suppliers, as well as images of equipment's. A complete guide on Production, Recycling of Lithium Ion and Lead-Acid Batteries manufacture and entrepreneurship.

Order Now: [Handbook on Production, Recycling of Lithium Ion and Lead-Acid Batteries \(with Manufacturing Process, Machinery Equipment Details & Plant Layout\)](#)

PAGES: 544
PRICE: RS. 2,995.00

Handbook on Maize (Corn) Processing and Manufacture of Maize Products

In India, maize is becoming third most significant crop. Its significance stems from the fact that it is utilized not only for human food and animal feed, but also for corn starch manufacturing, corn oil production, and the generation of baby corns. Additionally, maize Stover, the leaves and stalk of the maize plant, is used for forage, biofuel production, and chemical production.

The book covers a wide range of topics connected to Maize Products, as well as their manufacturing processes. It also includes contact information for machinery suppliers, as well as images of equipment's. A complete guide on Maize (Corn) Processing and Manufacture of Maize Products manufacture and entrepreneurship.

Order Now: [Bioplastics & Biodegradable Products Manufacturing Handbook](#)

Click Here For Projects Reports: [Biodegradable Products, Recyclable, Disposable, Eco-Friendly Plastics, Bioplastics, Compostable, Biodegradable Packaging for Food Products, Bio-based Polymers, Oxo-biodegradable Plastics, Bio-nanocomposites using Maize, Corn, Sugarcane Bagasse](#)

PAGES: 504
PRICE: RS. 1,895.00

Solar PV Power and Solar Products Handbook

Solar energy is expanding worldwide and becoming an increasingly important part of the energy mix in many countries. Solar energy is used all over the world, but in terms of total installed solar capacity, India, China, Japan, and the United States are now top of the world. Solar panels can create power almost anywhere on the planet.

The book covers a wide range of topics connected to Solar, as well as their manufacturing processes. It also includes contact information for machinery suppliers, as well as images of equipment. A complete guide on Solar PV Power and Solar Products manufacture and entrepreneurship.

Order Now: [Solar PV Power and Solar Products Handbook](#)

PAGES: 384
PRICE: RS. 2,275.00

Solar PV Power and Solar Products Handbook

(Solar Energy, Solar Lighting, Solar Power Plant, Solar Panel, Solar Pump, Solar Photovoltaic Cell, Solar Inverter, Solar Thermal Power Plant, Solar Farm, Solar Cell Modules with Manufacturing Process, Equipment Details, Plant Layout & Process Flow Chart)

Bioplastics & Biodegradable Products Manufacturing Handbook

Bioplastic is simply plastic that is created from a plant or other biological source rather than petroleum. It can be created by extracting sugar from plants like corn and sugarcane and converting it into polylactic acids (PLAs), or it can be made from microorganism-engineered polyhydroxyalkanoates (PHAs).

The book covers a wide range of topics connected to bioplastics and biodegradable products, as well as their manufacturing processes. It also includes contact information for machinery suppliers, as well as images of equipment and plant layout.

Pages: 448
Price: Rs. 1,575.00

Handbook on Biofuel, Ethanol and Bioenergy Based Products

Bioenergy is biofuel-derived energy. Biofuel is any fuel made from biomass, such as plant or algal matter or animal waste. Biofuel is considered a renewable energy source since the feedstock material can be easily renewed, unlike fossil fuels such as petroleum, coal, and natural gas.

The book covers a wide range of topics connected to Biofuel, Ethanol and Bioenergy Based Products, as well as their manufacturing processes. It also includes contact information for machinery suppliers, as well as images of equipment and plant layout. A complete guide on Biofuel, Ethanol and Bioenergy Based Products manufacture and entrepreneurship.

Order Now: [Handbook on Biofuel, Ethanol and Bioenergy Based Products](#)

Pages: 456
Price: Rs. 1,875.00

Handbook on Perfume, Deodorant, Air Freshener, Body Spray, Fragrances, Flavours and Essential Oil Industry with Manufacturing Formulations, Process, Machinery Equipment Details & Factory Layout

One of the most obvious advantages of wearing perfume is that it masks body odours and keeps us smelling fresh throughout the day. It also contributes to our increased self-assurance. It can be immensely calming to know that we smell nice. Perfume has the ability to influence mood and create the atmosphere desire.

The book contains detailed information about Perfumes in which all aspects are covered. The book is of immense use to professionals in Perfumery & Cosmetics for quick revision as well as in day-to-day life where people would like to know about perfumes. This book also serves as an excellent guide for those who want to venture into perfume industry or have been associated with it.

Pages: 360
Price: Rs. 1,975.00

The Complete Technology Book on Herbal Beauty Products with Formulations, Manufacturing Process, Machinery Equipment Details & Plant Layout (2nd Edition)

Herbs from India and their significance are well-known around the world. Herbal Beauty Products are in high demand on the global market and are a priceless gift from nature. Herbal formulations have always piqued interest due to their high activity and, in comparison to synthetic medications, fewer or no negative effects. Herbs and spices have long been used to improve and maintain human beauty.

The book covers a wide range of topics connected to Herbal Beauty Products, as well as their formula. It also includes contact information for machinery suppliers, as well as images of equipment and plant layout. A comprehensive reference to manufacturing and entrepreneurship in the Herbal Beauty Products business.

Fertilizers Manufacturing Handbook

The success of the agricultural sector in India is largely dependent on the fertilizer industry. The benchmark that the food industry in India has set is mainly due to the many technically competent fertilizer producing companies in the country. The combined output of Nitrogenous (N) and Phosphatic (P) Chemical fertilizers has increased from a modest level.

The book contains detailed information about fertilizers manufacturing in which all aspects are covered. The book is of immense use to professionals in Fertilizers Manufacturing Handbook for quick revision as well as in day-to-day life where people would like to know about fertilizers. This book also serves as an excellent guide for those who want to venture into fertilizers manufacturing industry or have been associated with it.

Order Now: [Fertilizers Manufacturing Handbook](#)

The Complete Technology Book on Vermiculture and Vermicompost (Earthworm) with Manufacturing Process, Machinery Equipment Details & Plant Layout 2nd Edition

Advantage of vermicomposting is that it composts the wastes of rural areas. They clean our villages by using unnecessary organic and non-organic materials. Improves the texture of the soil and its ability to store water. Improves root growth and the multiplication of beneficial soil microorganisms by providing optimum aeration to the soil.

Vermiculture and Vermicompost (Earthworm), as well as their manufacturing methods, are all covered in depth in this book. It also offers photos of equipment as well as contact information for industrial providers. This book is a one-stop shop for everything you need to know about the Vermiculture and Vermicompost (Earthworm) industry, which is ripe for manufacturers, merchants, and entrepreneurs.

Order Now: [The Complete Technology Book on Vermiculture and Vermicompost \(Earthworm\) with Manufacturing Process, Machinery Equipment Details & Plant Layout 2nd Edition](#)

**Pages: 376
Price: Rs. 1,650.00**

The Complete Technology Book on Pesticides, Insecticides, Fungicides and Herbicides (Agrochemicals) with Formulae, Manufacturing Process, Machinery & Equipment Details 2nd Revised Edition

Agrochemicals are chemical agents that are applied to fields to boost the nutrient content of the soil or crops. Herbicides, fungicides, and insecticides are among them, as are synthetic fertilizers, hormones, and soil conditioners. They boost agricultural growth by eradicating pests that wreak havoc.

The book covers a wide range of topics connected to Pesticides, Insecticides, Fungicides and Herbicides, as well as their manufacturing processes. It also includes contact information for machinery suppliers, as well as images of equipment's. A complete guide on Agrochemical Products manufacture and entrepreneurship.

Pages: 536
Price: Rs. 1,875.00

The Complete Book on Resins (Alkyd, Amino, Phenolic, Polyurethane, Epoxy, Silicone, Acrylic), Paints, Varnishes, Pigments & Additives (Surface Coating Products with Formulae) (3rd Revised Edition)

Surface coating is the application of decorative or protective materials in liquid or powder form to substrates. These coatings normally include general solvent type paints, varnishes, lacquers, and water thinned paints. Surface coating involves different types of products for example paints, varnishes, resins, polyesters, pigments etc.

This handbook covers all aspects of coating technology including composition, preparation, application, manufacturing process and photographs of plant & machinery with supplier's contact details.

[Order Now: The Complete Book on Resins \(Alkyd, Amino, Phenolic, Polyurethane, Epoxy, Silicone, Acrylic\), Paints, Varnishes, Pigments & Additives \(Surface Coating Products with Formulae\)\(3rd Revised Edition\)](#)

**Pages: 632
Price: Rs. 1,995.00**

Handbook on Unani Medicines with Formulae, Processes, Uses and Analysis (2nd Edition)

The Unani System of Medicine has a long and illustrious history. The Arabs and Persians introduced it to India probably in the seventh century. In terms of the practice of Unani Medicine, India is currently one of the top countries. The Unani System of Medicine treats disorders that affect all of the human body's systems and organs. Chronic skin, liver, musculoskeletal, and reproductive system diseases, as well as immunological and lifestyle issues, have been proven to be extremely effective and acceptable treatments.

The book covers a wide range of topics connected to Unani Medicines, as well as their manufacturing processes. It also includes contact information of machinery suppliers, as well as images of equipment and plant layout. A thorough guide on Unani Medicines manufacture and entrepreneurship.

Order Now: [Handbook on Unani Medicines with Formulae, Processes, Uses and Analysis \(2nd Edition\)](#)

Pages: 456
Price: Rs. 1,695.00

Surfactants, Disinfectants, Cleaners, Toiletries, Personal Care Products Manufacturing and Formulations (3rd Revised Edition)

Surfactant comes from the words surface active agent. A surfactant is briefly defined as a material that can greatly reduce the surface tension of water when used in very low concentrations. These are one of many different compounds that make up a detergent. They are added to remove dirt from skin, clothes and household articles particularly in kitchens and bathrooms.

This handbook contains processes formulae of various products and providing information regarding manufacturing method. It covers raw material suppliers, photographs of plant & Machinery with supplier's contact details and some plant layout & process flow sheets.

Order Now: [Surfactants, Disinfectants, Cleaners, Toiletries, Personal Care Products Manufacturing and Formulations \(3rd Revised Edition\)](#)

NPCS is manned by engineers, planners, specialists, financial experts, economic analysts and design specialists with extensive experience in the related industries.

Our Market Survey cum Detailed Techno Economic Feasibility Report provides an insight of market in India. The report assesses the market sizing and growth of the Industry. While expanding a current business or while venturing into new business, entrepreneurs are often faced with the dilemma of zeroing in on a suitable product/line.

And before diversifying/venturing into any product, they wish to study the following aspects of the identified product:

- **Good Present/Future Demand**
- **Export-Import Market Potential**
- **Raw Material & Manpower Availability**
- **Project Costs and Payback Period**

The Business Plan covers all aspect of business, from analyzing the market, confirming availability of various necessities such as Manufacturing Plant, Detailed Project Report, Profile, Business Plan, Industry Trends, Market Research, Survey, Manufacturing Process, Machinery, Raw Materials, Feasibility Study, Investment Opportunities, Cost and Revenue, Plant Economics, Production Schedule,

Working Capital Requirement, uses and applications, Plant Layout, Project Financials, Process Flow Sheet, Cost of Project, Projected Balance Sheets, Profitability Ratios, Break Even Analysis. The DPR (Detailed Project Report) is formulated by highly accomplished and experienced consultants and the market research and analysis are supported by a panel of experts and digitalized data bank.

We at NPCS, through our reliable expertise in the project consultancy and market research field, have demystified the situation by putting forward the emerging business opportunity in India along with its business prospects.....[Read more](#)
