Industrial Training Institute (I.T.I)

Industrial Training Centers (ITCs)

Introduction

Technical education at all levels in the country is witnessing a consistent growth pattern marked by the setting up of new Institutions and the improvement of the existing ones in tune with the quality assurance norms set by the accreditation agencies.

Industrial Training Institutes are post-secondary schools in India constituted under Directorate General of Employment & Training (DGET), Ministry of Skill Development and Entrepreneurship, Union Government to provide training in various trades.
The Indian economy is in the mode of globalization and liberation and thus in need to develop skilled personnel in appropriate numbers with adequate skills, in consonance with the requirements of the ultimate users such as industries and service sectors. The same is being done by Industrial Training Institutes.

With the increasing demand of skilled and semi-skilled low rug professionals in the developed countries, these professionals can also apply for immigration to countries on the basis of demand lists of various professionals released by various countries from time to time and make their fortunes overseas.
The main objective behind opening of ITI’s is to provide technical manpower to the fast emerging secondary sector i.e. industrial sector of the developing and developed economy. These young one’s are trained in basic practical skills required to do jobs in the industry like that of a fitter or lathe operator. The courses in the ITI’s are designed in such a way that they can prove helpful to impart basic skills in the trade specified. The duration of various courses running in the ITI’s can vary from a basic certificate course of one year to an industrial diploma course of three years depending upon the trade opted by the aspirant.
Skill India is a campaign launched by Prime Minister Narendra Modi with an aim to train over 40 crore (400 million) people in India in different skills by 2022. It includes various initiatives of the government like "National Skill Development Mission", "National Policy for Skill Development and Entrepreneurship, 2015", "Pradhan Mantri Kaushal Vikas Yojana (PMKVY)" and the "Skill Loan scheme".
The reason behind the huge demand for ITI students as there is a great demand from industry for fitter, machinists, turners, and mechanics in diesel as well as in motor. All these courses are offered at ITI.

To achieve this goals, India needs flexible education and training system that will provide the foundation for learning, secondary and tertiary education and to develop required competencies as means of achieving lifelong learning. As a whole it is a good project for new entrepreneurs to invest.
Few Indian Major Players are as under

- Ebrahim Bawany Industrial Training Institute
- R.K. Institute of Technical Studies
- Ashok Industrial Training Institute
- Beleghata Education Aid Center
- Indus Infotech Industrial Training Centre
- J.K. Industrial Training Centre
- Foremen Training Institute
- Birsa Industrial Training Centre
- City Industrial Training Institute
- Industrial Training Institute

https://goo.gl/euk1CC
1. How to open/start Industrial Training Institute?

2. How to establish a new Industrial Training Institute?

3. What is the Project Feasibility of Industrial Training Institute?

4. What are the requirements of Working Capital for setting up an Industrial Training Institute?

5. What is the structure of the Industrial Training Institute and who are the key/major players?
6. What is the total project cost for setting up Industrial Training Institute?

7. What are the operating costs for setting up an Industrial Training Institute?

8. What are the Infrastructure requirements for setting up an Industrial Training Institute?

9. Who are the Suppliers and Manufacturers of equipment, Furniture, teaching aids for setting up Industrial Training Institute?

10. What is the total size of land required for setting up an Industrial Training Institute?
11. What will be the income and expenditures for Industrial Training Institute?

12. What are the Projected Balance Sheets of Industrial Training Institute?

13. What are the requirement of utilities and overheads for setting up an Industrial Training Institute?

14. What is the Built up Area Requirement and cost for setting up an Industrial Training Institute?

15. What are the Personnel (Manpower), Staff Requirements for setting up an Industrial Training Institute?
16. What is the time required to break-even?

17. What is the Break-Even Analysis of an Industrial Training Institute?

18. What are the Project financials of an Industrial Training Institute?

19. What are the Profitability Ratios of an Industrial Training Institute?

20. What is the Sensitivity Analysis-Price/Volume of an Industrial Training Institute?
21. What are the Projected Pay-Back Period and IRR of a Industrial Training Institute?

22. What are the Market Opportunities for setting up an Industrial Training Institute?

23. What is the Market Study and Assessment for setting up an Industrial Training Institute?

24. What is the Plant Layout for setting up an Industrial Training Institute Project?

25. What is the procedure to open an Industrial Training Institute in India?
Table of Contents of the Project Report
1. Project Location

1.1. District Profile & Geotechnical Site Characterization
   1.1.1. General
   1.1.2. Location & Geographical Area
   1.1.3. Topography
   1.1.4. Administrative set up

Reasons for buying our report:

- This report helps you to identify a profitable project for investing or diversifying into by throwing light to crucial areas like industry size, market potential of the product and reasons for investing in the product.
- This report provides vital information on the product like its characteristics and segmentation.
- This report helps you market and place the product correctly by identifying the target customer group of the product.

www.entrepreneurindia.co
• This report helps you understand the viability of the project by disclosing details like machinery required, project costs and snapshot of other project financials

• The report provides a glimpse of government regulations applicable on the industry

• The report provides forecasts of key parameters which helps to anticipate the industry performance and make sound business decisions
Our Approach:

• Our research reports broadly cover Indian markets, present analysis, outlook and forecast for a period of five years.

• The market forecasts are developed on the basis of secondary research and are cross-validated through interactions with the industry players.

• We use reliable sources of information and databases. And information from such sources is processed by us and included in the report.

www.entrepreneurindia.co
Scope of the Report

The report titled Market Survey cum Detailed Techno Economic Feasibility Report on Industrial Training Institute (I.T.I.) provides an insight into this sector in India. The report assesses the market sizing and growth of the Indian Industrial Training Institute. While expanding a current business or while venturing into new business, entrepreneurs are often faced with the dilemma of zeroing in on a suitable product/line. And before diversifying/venturing into any product, they wish to study the following aspects of the identified product:
We at NPCS, through our reliable expertise in the project consultancy and market research field, have demystified the situation by putting forward the emerging business opportunity in the Industrial Training Institute in India along with its business prospects. Through this report we have identified Industrial Training Institute (ITI) project as a lucrative investment avenue.
Best Polytechnic Institutes in India, Business consultancy, Business consultant, Business Plan for a Startup Business, Business start-up, Consultancy Services for Opening ITI, Craftsmen Training Scheme (CTS), Detailed Project Report on industrial training institute, Download free project profile on ITI, Draughtsman (Civil), Draughtsman (Mechanical), Electrician, Electronics mechanic, Engineering education in India, Engineering Trades, Feasibility report on industrial training institute, Free Project Profile on industrial training institute, Great Opportunity for Startup, How to establish a new ITI, How to open industrial training institute, How to start industrial training institute, How to Start Private ITI's, Industrial Project Report, Industrial Training & Vocational Education, Industrial Training Centers, Industrial training institute courses, Industrial training institute project report, Industrial Training Institutes, Industrial Training Institutes (ITI) Technical Education, Industrial Training Institutes (ITIs), Industrial Training Institutes in India, Industrial training institutes skill India, Information Technology & E.S.M., Institute of engineering & technology, Institute of Industrial Engineering, Institute of technology, Instrument Mechanic, ITI opening procedure, ITI projects, ITI project report, List of Industrial Training Institutes,

Free Instant Online Project Identification & Selection Search Facility

Selection process starts with the generation of a product idea. In order to select the most promising project, the entrepreneur needs to generate a few ideas about the possible projects.

Here's we offer a best and easiest way for every entrepreneur to searching criteria of projects on our website www.entrepreneurindia.co that is “Instant Online Project Identification and Selection”
NPCS Team has simplified the process for you by providing a "Free Instant Online Project Identification & Selection" search facility to identify projects based on multiple search parameters related to project costs namely: Plant & Machinery Cost, Total Capital Investment, Cost of the project, Rate of Return% (ROR) and Break Even Point % (BEP). You can sort the projects on the basis of mentioned pointers and identify a suitable project matching your investment requisites.

Niir Project Consultancy Services

An ISO 9001:2008 Company

www.entrepreneurindia.co
Who are we?

- One of the leading reliable names in industrial world for providing the most comprehensive technical consulting services

- We adopt a systematic approach to provide the strong fundamental support needed for the effective delivery of services to our Clients’ in India & abroad
We at NPCS want to grow with you by providing solutions scale to suit your new operations and help you reduce risk and give a high return on application investments. We have successfully achieved top-notch quality standards with a high level of customer appreciation resulting in long lasting relation and large amount of referral work through technological breakthrough and innovative concepts. A large number of our Indian, Overseas and NRI Clients have appreciated our expertise for excellence which speaks volumes about our commitment and dedication to every client's success.
We bring deep, functional expertise, but are known for our holistic perspective: we capture value across boundaries and between the silos of any organization. We have proven a multiplier effect from optimizing the sum of the parts, not just the individual pieces. We actively encourage a culture of innovation, which facilitates the development of new technologies and ensures a high quality product.

How are we different?

- We have two decades long experience in project consultancy and market research field
- We empower our customers with the prerequisite know-how to take sound business decisions
- We help catalyze business growth by providing distinctive and profound market analysis
- We serve a wide array of customers, from individual entrepreneurs to Corporations and Foreign Investors
- We use authentic & reliable sources to ensure business precision
Our Approach

- Requirement collection
- Thorough analysis of the project
- Economic feasibility study of the Project
- Market potential survey/research
- Report Compilation

www.entrepreneurindia.co
Who do we serve?

- Public-sector Companies
- Corporates
- Government Undertakings
- Individual Entrepreneurs
- NRI’s
- Foreign Investors
- Non-profit Organizations, NBFC’s
- Educational Institutions
- Embassies & Consulates
- Consultancies
- Industry / trade associations
Sectors We Cover

- Ayurvedic And Herbal Medicines, Herbal Cosmetics
- Alcoholic And Non Alcoholic Beverages, Drinks
- Adhesives, Industrial Adhesive, Sealants, Glues, Gum & Resin
- Activated Carbon & Activated Charcoal
- Aluminium And Aluminium Extrusion Profiles & Sections,
- Bio-fertilizers And Biotechnology
- Breakfast Snacks And Cereal Food
- Bicycle Tyres & Tubes, Bicycle Parts, Bicycle Assembling
Sectors We Cover

- Bamboo And Cane Based Projects
- Building Materials And Construction Projects
- Biodegradable & Bioplastic Based Projects
- Chemicals (Organic And Inorganic)
- Confectionery, Bakery/Baking And Other Food
- Cereal Processing
- Coconut And Coconut Based Products
- Cold Storage For Fruits & Vegetables
- Coal & Coal Byproduct
Sectors We Cover

- Copper & Copper Based Projects
- Dairy/Milk Processing
- Disinfectants, Pesticides, Insecticides, Mosquito Repellents,
- Electrical, Electronic And Computer based Projects
- Essential Oils, Oils & Fats And Allied
- Engineering Goods
- Fibre Glass & Float Glass
- Fast Moving Consumer Goods
- Food, Bakery, Agro Processing
Sectors We Cover

- Fruits & Vegetables Processing
- Ferro Alloys Based Projects
- Fertilizers & Biofertilizers
- Ginger & Ginger Based Projects
- Herbs And Medicinal Cultivation And Jatropha (Biofuel)
- Hotel & Hospitality Projects
- Hospital Based Projects
- Herbal Based Projects
- Inks, Stationery And Export Industries
Sectors We Cover  

- Infrastructure Projects
- Jute & Jute Based Products
- Leather And Leather Based Projects
- Leisure & Entertainment Based Projects
- Livestock Farming Of Birds & Animals
- Minerals And Minerals
- Maize Processing (Wet Milling) & Maize Based Projects
- Medical Plastics, Disposables Plastic Syringe, Blood Bags
- Organic Farming, Neem Products Etc.
Sectors We Cover

- Paints, Pigments, Varnish & Lacquer
- Paper And Paper Board, Paper Recycling Projects
- Printing Inks
- Packaging Based Projects
- Perfumes, Cosmetics And Flavours
- Power Generation Based Projects & Renewable Energy Based Projects
- Pharmaceuticals And Drugs
- Plantations, Farming And Cultivations
- Plastic Film, Plastic Waste And Plastic Compounds
- Plastic, PVC, PET, HDPE, LDPE Etc.
### Sectors We Cover

- Potato And Potato Based Projects
- Printing And Packaging
- Real Estate, Leisure And Hospitality
- Rubber And Rubber Products
- Soaps And Detergents
- Stationary Products
- Spices And Snacks Food
- Steel & Steel Products
- Textile Auxiliary And Chemicals
Sectors We Cover

- Township & Residential Complex
- Textiles And Readymade Garments
- Waste Management & Recycling
- Wood & Wood Products
- Water Industry (Packaged Drinking Water & Mineral Water)
- Wire & Cable
