

How to Start an Exercise Note Books, School Notebook, Writing Register Business.

Notebook Making Business

Introduction

Exercise books are widely known & vastly used as day-to-day products. Note books are available in the market in various sizes, shapes & pages and having various types of covers paper bound, board and Rexene bound etc.

Exercise book is of different types and is used for different purposes. Their sizes vary according to the requirement. Though mainly used by students whether school going or college going, yet not less important for a house wife who keeps her day to day expenses record & similarly for small business men for keeping their accounts.

With the growth of education among the masses & industrialization in the country, the demand of stationery note book for writing purposes has been increasing at a tremendous rate. All the factors such as birth rate, expenditure on education young percentage of total population, sex ratio and population living in urban area to rural area, are the important factor which determines the stationery demand within the country.

Stationery items like note books, exercise books, log books, etc are always in demand for students. The demand for note books is more in the months of June to August in every year. Similarly, registers are essential in every office, institutions, organizations etc. The size of the products will be decided as per the local market demands.
