# The Complete Book on Ginger Cultivation and Manufacture of Value Added Ginger Products (Ginger Storage, Ginger Oil, Ginger Powder, Ginger Paste, Ginger Beer, Instant Ginger Powder Drink and Dry Ginger from Green Ginger)

Code: NI308	Format: paperback
Indian Price: ₹1575	US Price: \$150
<b>Pages:</b> 352	ISBN: 9789381039854
Publisher: NIIR PROJECT CONSULTANCY SERVICES	

# **Description**

Ginger is the common name for Zingiber officinale, which was originally cultivated in China and now equally spread around the world. Ginger is a herb but is often known as a spice, with a strong distinct flavor that can increase the production of saliva. The part that is used as spice on the plant itself is the rhizomes or ginger root. This ginger root is traditionally used with sweet foods in Western cuisine being included in popular recipes such as ginger ale, gingerbread, ginger biscuits and ginger cake. It is also used in many countries as a medicinal ingredient which many believe in. Historically, ginger has a long tradition of being very effective in alleviating symptoms of gastrointestinal distress. In herbal medicine, ginger is regarded as an excellent carminative and intestinal spasmolytic. Modern scientific research has revealed that ginger possesses numerous therapeutic properties including antioxidant effects, an ability to inhibit the formation of inflammatory compounds, and direct anti-inflammatory effects.

India is the leading producer of ginger oil and dominates the ginger oil market with almost half shares out of total market. China is also known for ginger production and trade of ginger oil. Asia Pacific mainly exports ginger oil to North America and European markets.

Increasing number of health conscious consumers, and their demands for natural oils and extracts based products is the major factor driving growth for essential oils and in turn ginger oil market. Ginger is majorly used in spices and thus ginger oils and

oleoresins are preferred to prepared dried spices as flavoring in food industry, because they are more stable, contamination free, cleaner and can be easily standardized by blending. Thus the growth of food industry and spices demand are another factors driving growth of ginger oil market. The growth of natural personal care products industry is another growth driver for ginger oil market.

The major content of the book are Ginger Cultivation, Farm and Forestry Production for Ginger, Diseases & Pest Management in Ginger, Medicinal Values of Ginger, Active Ingredients of Ginger, Pharmacological Activity of Ginger, Ginger Storage, Ginger Processing, Ginger Oleoresin, Ginger Oil, Ginger Beer, Ginger Powder, Ginger Paste, Instant Ginger Powder Drink, Ginger Candy, Dry Ginger from Green Ginger, Extraction of Ginger Oleoresin from Ginger-Root Using Co2, Production of Ginger Rhizome by Shoot-Tip Culture, Extraction of Essential Oils from Ginger Rhizome Using Steam Distillation Method, Packaging and Labelling BIS Specifications, Good Manufacturing Practices, Sample Plant Layouts, Photoraphs of Machinery with Suppliers Contact Details.

This book will be a mile stone for its readers who are new to this sector, will also find useful for professionals, entrepreneurs, those studying and researching in this important area.

## **Content**

### 1. INTRODUCTION

History and Origin of Ginger

Processing of Ginger

Peeling

Drying

Storage

Bleached Ginger

Transplanting Technology for Reduction of Seed

Cost

Technology

Manuring

Irrigation

Inter Cultivation

Inter Cropping and Crop Rotation

Uses of Ginger

Best Ways to Use Ginger

Bioactive Components of Ginger

Metabolism of Ginger

**Properties** 

Applications of Ginger

Ginger Health Benefits

- 1. Stroke and Heart Disease
- 2. Indigestion and Nausea
- 3. Malabsorption
- 4. Compromised Immunity and Respiratory

**Function** 

5. Bacterial Infections

**Healing Properties** 

Cosmetic Uses of Ginger

Nutritional Value of Ginger

**Nutrient Profile for Ginger** 

2. GINGER CULTIVATION

Climate and Soil

Soil for Ginger Farming

**Varieties** 

Planting Season

Preparation of Land

Manures and Fertilisers

Mulching

**Crop Nutrition** 

Nitrogen

Potassium

**Phosphorus** 

Calcium

Earthing up

**Growth Regulators** 

Harvesting and Curing

**Production Technology** 

Seed Size

Seed Rate

Seed Treatment

Planting

Spacing

Depth of Planting

**Crop Rotation** 

Storage of Seed Rhizomes

Alternate Method of Ginger Production

3. FARM AND FORESTRY PRODUCTION FOR

**GINGER** 

**Uses and Products** 

**Botanical Description** 

**Brief Botanical Description** 

Distribution

**Environmental Preferences and Tolerances** 

Climate

Soils

Growth and Development

Agroforestry and Environmental Services

Propagation and Planting

Cultivation

Special Horticultural Techniques

Advantages and Disadvantages of Growing in

**Polycultures** 

Pests and Diseases

Susceptibility to Pests/Pathogens

Preventing and Treating Problem Pests and

Diseases

Disadvantages of this Crop

Potential for Invasiveness

Commercial Production

Postharvest Handling and Processing

4. DISEASES & PEST MANAGEMENT IN GINGER

Diseases

1. Soft Rot or Paheli: Pythium Aphanidrematum

Management

2. Dry Rot: Fusarium and Pratylenchus Complex

Management

3. Leaf Spot/Blight: Phyllostricta Zingiberi

Management

4. Bacteri al Wi I t or Prem Rog: Ral stoni a

Solanacearum

Integrated Pest and Disease Management for

Ginger

5. MEDICINAL VALUES OF GINGER

Active Compounds in Ginger

Anti-Inflammatory & Anti-Oxidant

Nausea

Digestion

Cholesterol

Cancer

Anti-Bacterial

Migraines

**Drug Interactions** 

Malabsorption

**Bacterial Diarrhea** 

Anticarcinogenic Activities of Ginger

Therapeutic Health Benefits of Ginger

Ginger as Growth Promoter

Osteoarthritis

Use of Ginger as a Traditional Medicine

Role of Ginger and Its Constituents in Prevention

and Treatment of Gastrointestinal Cancer

Gastric Cancer

Pancreatic Cancer

Liver Cancer

Colorectal Cancer

Cholangiocarcinoma

Clinical Studies of Ginger against GI Cancer

Ayurveda Health Benefits of Ginger

Trikatu for Weak Digestion

Dry Ginger is Hot and Warms the Lungs and

**Dries Cold Phlegm** 

Fresh Ginger Warms the Stomach and Promotes

Digestion and Absorption

Fresh Ginger to Disperse Cold, and to Treat

Colds and Coughs

Ginger Root Contraindicated in Pitta Elevation

Ginger Root in Ayurvedic Churnas

6. ACTIVE INGREDIENTS OF GINGER

Introduction

Chemical Structure of Active Constituents

Mechanism of Action of Ginger in Diseases

Management

7. PHARMACOLOGICAL ACTIVITY OF GINGER

Introduction

Pharmacology

**Antiemetic Effects** 

Anti-Inflammatory Effects

**Antioxidant Effects** 

Cardiovascular Effects

Gastrointestinal Effects

**Antitussive Effects** 

Immunomodulatory Effects

**Lipid Effects** 

Weight Loss Effects

**Antiarthritic Effect** 

**Antimicrobial Activities** 

Radio Protective Activity

Antigenotoxic Activity

Mutagenicity

8. GINGER STORAGE

Types of Ginger

Composition of Ginger

**Ginger Storage Process** 

Controlled Temperature and Humidity Storage

9. GINGER PROCESSING

Introduction

Forms of Ginger

**Processing Dried Ginger** 

Making Dried Ginger

Quality Assurance of Dried Ginger

Grading

Grinding

**Packaging** 

Storage

Ginger Oil Distillation

Advantages of Ginger Dehydration

- 1. Enhance Ginger's Value
- 2. More Cost-Effective
- 3. Wide Application

Hot-Air Circulation Drying Technology

**Process Flow Sheet** 

10. GINGER OLEORESIN

Uses

11. GINGER OIL

Introduction

Solubility

**Chemical Composition** 

**Uses and Application** 

Packing and Marking

**Manufacturing Process** 

Preparation of Raw Material

Cleaning

Milling

Soaking

Loading or Charging

Bleaching of Ginger

Practice of Distillation

Steam Distillation

**End of Distillation** 

Treatment of the Volatile Oil

Treatment of the Distillation Water

Manufacturing Process Flow Diagram

Rectification of Essential Oils

Problems Relating to Steam Distillation

**Environment Pollution and Effluent Treatment** 

12. GINGER BEER

Ginger Beer

Root Beer

Ancient Root Beer Heritage

**Best Ginger Beers** 

13. GINGER POWDER

Introduction

**Properties** 

Uses of Ginger Powder

Manufacturing Process of Ginger Powder

**Process Flow Sheet** 

14. GINGER PASTE

Properties of Ginger Paste

Uses of Ginger Paste

Chemical & Physical Specification of Ginger

Manufacturing Process

Process Flow Diagram

15. INSTANT GINGER POWDER DRINK

Introduction

Etymology

Chemistry

Uses

Culinary Use

Ginger Acts as a Useful Food Preservative

Regional Use

**Properties** 

- 1. Citric Acid
- 2. Measurement
- 3. Sodium Benzoate

Manufacturing Process

16. GINGER CANDY 201

Ginger Candy

Flow Chart of Technology/Process

17. DRY GINGER FROM GREEN GINGER

Introduction

History

**Uses and Application** 

Composition of Dry Ginger

**Manufacturing Process** 

Process of Manufacture

Ginger not Divested of Cork

Ginger Clivested of Cork

Grinding

**Progress Flow Sheet** 

18. EXTRACTION OF GINGER OLEORESIN

FROM GINGER-ROOT USING CO2

**Environmental Significance** 

**Equipment Descriptions** 

**Necessary Information and Simulation Hints** 

19. PRODUCTION OF GINGER RHIZOME BY

SHOOT-TIP CULTURE

Introduction

Field Study

Effect of Tissue Cultured Rhizomes of Ginger

20. EXTRACTION OF ESSENTIAL OILS FROM

GINGER RHIZOME USING STEAM

**DISTILLATION METHOD** 

Overview of Ginger

Physical Properties of Ginger

Usage of Ginger

Usual Methods of Obtaining Ginger Essential Oil

Steam Distillation

**Problem Statement** 

Separation Processes

- (i) Absorption
- (ii) Distillation
- (iii) Liquid-Liquid Extraction
- (iv) Leaching
- (v) Membrane Processing
- (vi) Crystallization
- (vii) Adsorption

(viii) Ion Exchange

- Purification
- Concentration
- Fractionation

Extraction

Distillation

21. PACKAGING AND LABELLING

Functions of Packaging

- 22. BIS SPECIFICATIONS
- 23. GOOD MANUFACTURING PRACTICES
- 1. Storage of Raw Materials
- 2. Tempering/Thawing of Frozen Materials
- 3. Processing

Post-Processing Handling

- i) Facility Design
- ii) Sanitation
- iii) Employees

**Material Handling** 

- 4. Storage of Finished Product
- 5. Loading and Shipping

Management of Hygiene Aspects

**Environmental Monitoring** 

Temperature Monitoring

Design and Facilities

- i) Principles and Concepts of GMP
- ii) Establishment: Design and Facilities

Location

Equipment

Premises and Rooms

Equipment - Design

Equipment

**Facilities** 

Control of Operations

- i) Control of Food Hazards
- ii) Key Aspects of Hygiene Control Systems
- iii) Incoming Raw Material Requirements
- iv) Packaging
- v) Water
- vi) Management and Supervision
- vii) Documentation and Records
- viii) Recall Procedures

**Establishment: Maintenance and Sanitation** 

- i) Maintenance and Cleaning
- ii) Cleaning Procedures and Methods
- iii) Pest Control Systems
- iv) Waste Management
- v) Monitoring Effectiveness
- vi) Establishment : Personal Hygiene
- vii) Transportation
- viii) Product I nf ormati on and Consumer

# **About NIIR Project Consultancy Services (NPCS)**

NIIR Project Consultancy Services (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. Its various services are: Prefeasibility study, New Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Preparation of Project Profiles and Pre-Investment and Pre-Feasibility Studies, Market Surveys and Studies, Preparation of Techno-Economic Feasibility Reports, Identification and Selection of Plant and Machinery, Manufacturing Process and/or Equipment required, General Guidance, Technical and Commercial Counseling for setting up new industrial projects and industry. NPCS also publishes various technology books, directories, databases, detailed project reports, market survey reports on various industries and profit making business. Besides being used by manufacturers, industrialists, and entrepreneurs, our publications are also used by Indian and overseas professionals including project engineers, information services bureaus, consultants and consultancy firms as one of the inputs in their research.
