

26 Small Manufacturing Business Ideas to Start with Investment of 60- 75 Lakhs (Plant and Machinery)

Description:

26 Small Manufacturing Business Ideas to Start with Investment of 60- 75 Lakhs (Plant and Machinery). Profitable MSME Projects

Small business entrepreneurs have many opportunities that they can explore successfully; all they need is a great small business idea. In the ever-increasing startup ecosystem of today, everyone dreams of starting their startup and becoming a millionaire or a billionaire. However, most of the people remain confused between which business to start for maximum profit and which one has the least probability of failure and the main reason for this is the failure rate of startups.
