

10 Profit Making Business Ideas with Investment of 1.50 - 2 Core (Plant and Machinery). Selected Project Profiles for Entrepreneurs, Startups

Description:

10 Profit Making Business Ideas with Investment of 1.50 - 2 Core (Plant and Machinery). Selected Project Profiles for Entrepreneurs, Startups

Small business entrepreneurs have many opportunities that they can explore successfully; all they need is a great small business idea. In the ever-increasing startup ecosystem of today, everyone dreams of starting their startup and becoming a millionaire or a billionaire. However, most of the people remain confused between which business to start for maximum profit and which one has the least probability of failure and the main reason for this is the failure rate of startups.

Roller Flour Mill

Roller mills are mills that use cylindrical rollers, either in opposing pairs or against flat plates, to crush or grind various materials, such as grain, ore, gravel, plastic, and others. Roller grain mills are an alternative to traditional millstone arrangements in grist mills.
