

Start a Skill Development Training Centre.

Description:

Start a Skill Development Training Centre. Best Education and Training Sector Business Ideas.

India has one of the biggest technical work force within the world. However, compared to its population it's not significant and there's a tremendous scope of improvement during this area. In [India](#), the emphasis has been on general education, with vocational [education](#) at the receiving end. This has resulted in large number of educated folks remaining unemployed. This phenomenon has currently been recognized by the planners and therefore there's a larger thrust on vocationalization of education. Another shortcoming within the area of technical and [education](#) is that until currently, the number of engineers graduating is more than the diploma holders. This is often creating an imbalance, as additional workforces are required at the lower level.
