

Start Extraction Business of Essential Oil from Lemon Grass. Opportunities in Manufacturing of Lemongrass Essential Oil.

Description:

Start Extraction Business of Essential Oil from Lemon Grass. Opportunities in Manufacturing of Lemongrass Essential Oil.

The stalks of the lemongrass herb are used to extract lemongrass essential oil. It is mostly grown in Asia and is not available fresh all year. However, lemongrass oil, lemongrass extract, and dehydrated forms of lemongrass are now widely employed in a variety of applications.
