

Women Entrepreneurship (with Project Profiles)

Description:

Traditionally, entrepreneurship has been a male-dominated chase however several of today's most impressive and rising entrepreneurs are women. Women have broken down the glass ceiling of the traditional thought long prevailing in world and have emerged as successful entrepreneurs. Many factors like urbanization, technical progress, women education, etc., have profoundly changed these traditional conditions even in a developing country like, India. These days India has been the depiction of women in the top echelons of banking and financial services and many more sectors and even has emerged as powerful entrepreneurs. Women in India have already started to follow the direction that the women of the western world took more than eighty years ago. Women are increasingly becoming conscious of their existence, their rights & their work situations

Women entrepreneurs are defined by Government of India as an enterprise owned and controlled by a woman having a minimum financial interest of 51% of the capital and giving at least 51% of employment generated in the enterprise to women. An estimation made by a daily newspaper revealed the fact that women entrepreneurs presently comprise about 10% of the total number of entrepreneurs in India, with the percentage increasing every year. If the current trends persist, it is possible that in another five years, women will comprise 20% of the entrepreneurial force. The present book has made an attempt to present some of the very successful business profiles taken by women entrepreneurs. This book tries to contribute to the emerging leadership of women entrepreneur and contains number of project profiles suitable for women entrepreneurs.
