Instant Online Project

Identification & Selection

- **Project identification is the first step of any project cycle. Entrepreneurs need to identify and zero in on a project that suits their requirements and can help them attain their goals before spending significant time and resources on a project. They also need to study in detail the feasibility of the proposed project well before they start planning the other steps of the project cycle. Usually various aspects are required to be studied before picking a project.**

Project Selection

- **Project selection is a careful study of each project idea in detail and choosing one of them for further consideration and development. A project idea is universal. However, a project must be implemented in the background of factors such as**
 - **Technology**
 - **Equipment**
 - **Investment**
 - **Location**
 - **Market**

Selection process starts with the generation of a product idea. In order to select the Most promising project, the entrepreneur needs to generate a few ideas about the possible projects.

Searching Criteria

- Here's we offer a best and easiest way for every entrepreneur to searching criteria of projects on our website

www.entrepreneurindia.co that is “Instant Online Project Identification and Selection”
