A business idea is the response of a person or persons, or an organization to solving an identified problem or to meeting perceived needs in the environment (markets, community, etc). Finding a good idea is the first step in transforming the entrepreneur's desire and creativity into a business opportunity. Every business comes out of an idea. Businesses are started by men and women who see that people want to buy a particular product or service. A good business idea is essential, or even a prerequisite, for a successful business venture.
