Description:

Setup a Private Hospital. Investment Opportunities in Healthcare Sector. Setting Up a Hospital in India

A hospital bed or hospital cot is a bed specially designed for hospitalized patients or others in need of some form of healthcare. These beds have special features both for the comfort and well-being of the patient and for the convenience of health care workers. Common features include adjustable height for the entire bed, the head, and the feet, adjustable side rails, and electronic buttons to operate both the bed and other nearby electronic devices.
