

Setting Up of Planetarium.

Description:

Setting Up of Planetarium. Profitable Investment Opportunity in Astronomy Education Sector.

A planetarium (plural planetaria or planetariums) is a theatre built primarily for presenting educational and entertaining shows about astronomy and the night sky, or for training in celestial navigation. A dominant feature of most planetaria is the large dome-shaped projection screen onto which scenes of stars, planets, and other celestial objects can be made to appear and move realistically to simulate the complex motions of the heavens.
