

Manufacturing of Medical Disposable Face Masks.

Description:

Manufacturing of Medical Disposable Face Masks. Startup Business Opportunities in Disposable Surgical Mask.

A [surgical mask](#), additionally known as a procedure mask, medical mask or simply as a face mask, is meant to be worn by health professionals during surgery and through nursing to catch the bacteria shed in liquid droplets and aerosols from the wearer's mouth and nose. They are not designed to protect the wearer from inhaling airborne bacteria or virus particles and are less effective than respirators, like N95 or FFP masks, which give higher protection because of their material, form and tight seal.
