Start a Production Unit of Duplex Paper Board. Business Opportunities in Paper Packaging Industry.

Duplex Board is a form of paperboard or cardboard that is also known as greyboard due to its grey colour on both sides. Since it is made up of two layers, or plies, it is referred to as duplex board. To offer the board a glossy sheen, the exterior one side is often coated with a bright white look. Duplex coated board with a glossy coated surface on one side for superior printability.
