## Description:

Opportunities in Beet Sugar Manufacturing Industry. Extraction of Sugar from Sugar Beet.

Sugar is a generic term for sweet-tasting, soluble carbohydrates, which are commonly utilised in food. Sucrose, commonly known as table sugar, granulated sugar, or normal sugar, is a disaccharide consisting of glucose and fructose that has been dubbed the "white death" due to its adverse health effects in its refined form. Sugar cane and sugar beet are the two main crops used to make sugar.
