

Most Profitable Business to Start in India, Start Your Own Industry (Agriculture, Livestock, Manufacturing, Waste Utilisation, Tourism, Food Processing, Hospitality, Pharmaceutical)

Description:

Small and medium sized enterprises play a central role in the Indian economy. They are a major source of entrepreneurial skills, innovation and employment. SME businesses are the biggest contributor to the economy of any country and the same goes with Indian economy. In fact, SME is one of the most crucial sectors of Indian economy as far as the number of employments generated from this segment.

The SME business market of India is large and bubbling with newer opportunities.

There are various reasons due to which the small and medium scale business in India has witnessed a spurt of growth.

Some of these factors are:

- High contribution to domestic production
- Low investment requirements
- Capacities to develop appropriate indigenous technology
- Operational flexibility
- Technology – oriented industries
- Location wise mobility
- Competitiveness in the domestic market

Following are Few Suggested Small and Medium Scale Businesses:

Fish Farming

Now-a-days people are turning to fresh-water fish such as rainbow trout, carp & tench. These fish make an attractive substitute for the unproductive gold fish, golden or golden rudd etc. The fresh water fishery resources consist of rivers, channels, irrigation channels, pools, lakes, jheels, tanks and low lying areas, which contain water.....Read more

Integrated Sericulture

The young age silkworm rearing or chawki rearing is a vital aspect of sericulture industry for the development of healthy larvae and harvesting of successful cocoon crop.....Read more
