

# 35 Profitable Businesses, Industry, and Projects You Can Start in India with Moderate Investment and High Returns

## Description:

Small and Medium Enterprises plays an imperative role for the growth of the Indian economy by contributing more than 45% of the industrial output. Despite being the backbone of India's economy, it is also the most challenged sector.

The last five decades have witnessed an emergence of Small and Medium Enterprises (SME) as a highly vibrant and dynamic sector of the Indian economy. Over the years, SMEs have earned the status of being indispensable to the growth of our economy with its pivotal role in it, vis-à-vis large employment opportunities at comparatively lower capital cost than large industries; industrialisation of rural and backward areas, thereby, reducing regional imbalances, ensuring equal distribution of national income and wealth.

## Following are Few Suggested Projects for Entrepreneurs:

### Chilli Oil

Spices are used for flavour, colour, aroma and preservation of food or beverages. Spices may be derived from many parts of the plant: bark, buds, flowers, fruits, leaves, rhizomes, roots, seeds, stigmas and styles or the entire plant tops....Read more

### Barley Malt

Barley Malt is germinated cereal grains that have been dried in a process known as "malting". The grains are made to germinate by soaking in water, and are then halted from germinating further by drying with hot air....Read more
