

Top Profitable Small Business Ideas in India

Description:

Private homes rather than in a factory, with the tools and other means of production individually owned. Often products produced by a cottage industry are hand-made and/or unique in some distinctive way. Cottage industry products are often identified with an area or even with a specific family. Often a cottage industry is run by members of a single family, although this is not necessarily the case. A cottage industry can also be a loosely or informally organized group with each member working out of their own home. While there is often a specialized interest in the non-mass-produced products of a cottage industry, a cottage industry often faces difficult challenges in distributing its products. Hundreds of thousands of people start their own businesses every year, and untold more dream about the possibility of becoming their own bosses. While entrepreneurship has its many potential rewards, it also carries unique challenges.
