Haryana is a leading state in the country on both the industrial and agricultural front. Haryana is one of the leading states in terms of industrial production, especially passenger cars, two-wheelers, mobile cranes and tractors. Haryana is the second-largest contributor of food grains to India's central pool and accounts for more than 60 per cent of the export of Basmati rice in the country, third-largest exporter of software and one of the preferred destinations for IT/ITeS facilities.
