Description:

Setting Up a Hospital in India. Investment Opportunity in Healthcare Industry. Start a Hospital in India.

The Healthcare market can increase three fold to US\$ 372 billion by 2022.

The hospital services' market represents one of the most lucrative segments of the Indian healthcare industry. Various factors, such as increasing prevalence of diseases, improving affordability, and rising penetration of health insurance are fuelling the growth in the Indian hospital industry. Several private players are also entering the sector with new plans of establishing hospitals and health centers around the country.

Healthcare has become one of India's largest sectors - both in terms of revenue and employment. Healthcare comprises hospitals, medical devices, clinical trials, outsourcing, telemedicine, medical tourism, health insurance and medical equipment. The Indian healthcare sector is growing at a brisk pace due to its strengthening coverage, services and increasing expenditure by public as well private players.

Healthcare scenario is fast changing all over the world. Today Indian health care industry is business driven and one can see entry of all sorts of service providers to be part of this massive multi core business, growing at the rate of 13% annually. Globalization and privatization have also changed the functioning of the healthcare system. The private health network is spreading fast throughout the country. Economic, political, social, environmental and cultural factors are influencing the health care and the delivery of the health care services.

The Indian healthcare market, which is worth around US\$ 100 billion, will likely grow at a CAGR of 23 per cent to US\$ 280 billion by 2020. The healthcare market can increase three fold to US\$ 372 billion by 2022.
