

List of Profitable Business Ideas in Education Sector.

Description:

List of Profitable Business Ideas in Education Sector. Project Opportunities in Education Industry (School, University, Engineering, Medical, Dental, Pharmacy, Management, Nursing, Physiotherapy Colleges, Institutes).

India holds an important place in the global education industry. The country has more than 1.5 million schools with over 260 million students enrolled and about 751 universities and 35,539 colleges. India has one of the largest higher education systems in the world. Around 35.7 million students were enrolled in higher education in India during 2016-17. However; there is still a lot of potential for further development in the education system.

India has become the second largest market for e-learning after the US. The sector is currently pegged at US\$ 2 billion and is expected to reach US\$ 5.7 billion by 2020. The distance education market in India is expected to grow at a Compound Annual Growth Rate (CAGR) of around 11 per cent# during 2016-2020. Moreover, the aim of the government to raise its current gross enrolment ratio to 30 per cent by 2020 will also boost the growth of the distance education in India.

The education sector in India is poised to witness major growth in the years to come as India will have world's largest tertiary-age population and second largest graduate talent pipeline globally by the end of 2020. The education market in India is currently valued at US\$ 100 billion and is expected to nearly double to US\$ 180 billion by 2020.* Currently, the school segment is valued at US\$ 52 billion and contributes 52 per cent to the education market in India, higher education contributes 15 per cent of the market size, text-book, e-learning and allied services contribute 28 per cent and vocational education in manufacturing and services contributes 5 per cent. Higher education system in India has undergone rapid expansion. Currently, India's higher education system is the largest in the world enrolling over 70 million students while in less than two decades, India has managed to create additional capacity for over 40 million students. It witnesses spending of over Rs. 46,200 crore (US\$ 6.93 billion).
