

Apparel Manufacturing Business Opportunity.

Description:

Apparel Manufacturing Business Opportunity. Readymade Garments (Jean Trousers & Shirts), Starting a Clothing Industry

Readymade garment industry has occupied a unique place in the industrial scenario of our country by generating substantial export earnings and creating lot of employment. Its contribution to industrial production, employment and export earnings are very significant. This industry provides one of the basic necessities of life. The employment provided by it is a source of livelihood for millions of people. It also provides maximum employment with minimum capital investment.

Readymade garments are the choice of urban people. It is also gaining wider acceptance in semi-urban and rural areas. The huge charges made by tailors and delay in delivery has made people to switch over to readymade garments. In domestic market and export market, it has made spectacular progress in the last decade. This industry is becoming very vibrant and lot of foreign investment pouring in this industry because of low risk and high earning nature of this industry.

Indian garment industry has played a unique role in Indian economy. The garment sector is the largest employer after agriculture and its importance in India's economy is recognized for its contribution to industrial production and export earnings. Indian textile industry is a self-reliant industry, from the production of raw materials to the delivery of finished products, with substantial value-addition at each stage of processing; it contributes much to the country's economy. The textile and apparel industry is one of the leading segments of the Indian economy and the largest source of foreign exchange earnings for India.
