

Herbal Medicines, Cosmetics, Toiletries and Perfumes (Project Profiles, Machinery Details with Suppliers, Indian Institute and Colleges of Unani Medicines, Ayurved Siddha Unani Companies and their Products)

Description:

Herbal products combine the skills of specialists in chemistry, physics, biology, medicine and herbs. These are less likely to cause any damaging effect to health. These days a number of products that are using the herbal formulae have got a lot of attention and have been witnessing a huge rise in demand not only nationally but on an international arena. Bath and beauty products use herbs for both their scents and therapeutic qualities. Herbal products are replacing synthetic products because of their harsh nature. Herbal products are in huge demand in the developed world for health care for the reason that they are efficient, safe and have lesser side effects. The formulations based on herbs are safe and effective.

Both volumes cover processes, formulations, analysis methods with the addresses of raw material and machinery suppliers, project profiles, list of manufacturers, exporters and overseas importers of various herbal medicines, cosmetics, perfumes and toiletries. The book also contains addresses of different Ayurvedic & Unani medicines research institutes.
