Mouth Freshener (Sounf, Supari, Elaichi Flavoured & Coloured in Pouch)

Mouth fresheners are available in different forms in market. When you are in India, you will see people chewing “pan or paan” after meal. Or you might also see roasted seeds in restaurants kept in a bowl.

While stepping out after heavy meal or snacks you will take a teaspoon of these roasted seeds and put in your mouth. Within an hour of eating these mouth fresheners you will start feeling better. They get rid of bad breath, heaviness in the system and helps in digestion.

Colour Cem (Snowcem)

CEMCOLOR is an economy colour coating for exteriors. It is formulated for easy mixing and application. CEMCOLOR for lesser initial investment and good appearance. CEMCOLOR is based on white Portland cement and other ingredients which make it easy to apply and water repellent. It requires addition of water only in one stage. It contains pigment that are resistant to heat & light. CEMCOLOR is can be applied on the surfaces. To improve its adhesive properties, especially on smooth wall surfaces or bricks with sulphates, old cement paint surface, distempers, lime blocks & smooth nonabsorbent cement surfaces, CEMPROVER cement primer mixed with an equal measure of clean water should be applied as priming coat.
