# Selected Formulary Book on Inks, Paints, Lacquers, Varnishes and Enamels

Code: NI192	Format: paperback
Indian Price: ₹1475	US Price: \$150
Pages: 568	ISBN: 9788190439855
Publisher: NIIR PROJECT CONSULTANCY SERVICES	

## **Description**

A formula is an entity constructed using the symbols and formation rules of a given logical language. In science, a specific formula is a concise way of expressing information symbolically as in a mathematical or chemical formula. Formulation is a key process in the overall life cycle so that products are delivered that is of the right quality, at a competitive cost, and is made available within the specified time scale. The chemical formula identifies each constituent element by its chemical symbol and indicates the number of atoms of each element found in each discrete molecule of that compound. If a molecule contains more than one atom of a particular element, this quantity is indicated using a subscript after the chemical symbol and also can be combined by more chemical elements. It is all in the formula, whose implications also remain undiscovered by modern economists. It plays a major role in every process whether it is manufacturing process or preservation. There is a big importance of formula in our life because formulas and equations deal with everyday things like shapes, investments, mixing things, movement, lighting, travel and a host of other things they provide information you can use in planning activities.

This book basically deals with inks and marking inks, inks for stamp pads, inks for hand stamps, color stamps for rough paper, indelible hand stamp ink, white stamping ink for embroidery, stencil inks, blue stencil inks, indelible stencil inks, sympathetic inks, typewriter ribbon inks,

coloring agents, writing inks, how to decorate furniture, novelties, furniture lacquer enamels, white lacquer enamel, egg shell white enamel, high gloss while enamel, colors for furniture spraying, furniture lacquer formulas., enamels and industrial varnishes, general purposes varnish, spar and boat varnish, exterior varnish, varnish

for outside work, spar and yacht varnish, quick drying interior varnish, crystal varnish (indoor), hard varnish for floors, colored linseed oil floor dressing, wrinkle finish varnish, brewers pitch and keg varnishes, undercoat varnish, quick drying varnish mastic varnish etc.

This book present several hundred advanced product formulations for household, industrial and other applications. This book will be of help to development chemists looking for leads in the formulation of a wide range of products.

### **Content**

#### 1. INKS AND MARKING INKS

Inks

**Blueprint Inks** 

Drawing Inks

Glass, Celluloid and Metal Inks

Gold Ink

Horticultural Ink

Indelible Inks

India, China, or Japan Ink

Ink Powders and Lozenges

Lithographic Inks

Marking Or Labeling Inks

Colored Marking Inks

Printing Inks.

Inks For Stamp Pads

Inks For Hand Stamps

Color Stamps For Rough Paper

Indelible Hand-Stamp Ink

White Stamping Ink For Embroidery

Stencil Inks

Blue Stencil Inks

Indelible Stencil Inks

Sympathetic Inks

Typewriter Ribbon Inks.

Coloring Agents:,

Writing Inks.

Copying Ink

Inkâ€"Luminous:

Inlaying By Electrolysis

Ink, Carbon Paper

Hectograph Ink

Hectograph Paste

25-Gallon Ester Gum Varnish Formula

50-Gallon Ester Gum Varnish Formula

75-Gallon Ester Gum Varnish Formula

25-Gallon Amberol F-7 Varnish Formula

50-Gallon Amberol F-7 Varnish Formula

75-Gallon Amberol F-7 Varnish Formula

25-Gallon Amberol 226 Varnish Formula

50-Gallon Amberol 226 Varnish Formula

75-Gallon Amberol 226 Varnish Formula

25-Gallon XR-254 Bakelite Varnish Formula

50-Gallon XR-254 Bakelite Varnish Formula

75-Gallon XR-224 Bakelite Varnish Formula

XK-944 Lead Manganese Drier

Varnish Formula

Baking Varnish for Wrinkle-Finish on Metal

Light Fast Colored Varnish

Bookbinder's Varnish

Anti-Rust Varnish

Varnish, Anti-Skinning Agent for

Amberol Varnish

Bakelite Varnish

**Bottle Varnish** 

Bakelite Type Varnish

Bakelite-Nevindene-Ester Gum

Bakelite-Nevindene Varnish for Maximum Adhesion

Bakelite-Nevindene Floor Varnish

Typical Blended Oil Esterified Rosin Mixing Varnish

Typical Example of an Enamel Varnish, Using Modified Phenol Formaldehyde Resin

Crystallizing Varnish

Varnish, Electrical Conducting

Varnish Emulsion

Varnish, Flat

Hard Cold Made Varnish

Varnish, Insulating

Insulating Varnish

Orange Shellac Varnish

Quick Drying Rubbing Varnish

Liquid Drier

Quick Drying Floor or Interior Varnish

Quick Drying Spar Varnish

Heavy-Bodied Oil

Typical Resinate Varnish

**Rubber Shoe Varnish** 

Short Oil Varnish (Wood Oil)

Short Oil Varnish (Linseed Oil)

Medium Oil Varnish

Long Oil Varnish (Linseed)

Spar Varnish

Straw Hat Varnish

Transfer Varnish

Violin Varnish

Water Shellac Varnish

Varnish, Water Resistant

Whitewash

Whitewash (Without Glue)

Plastic Paint

Paint, "Raised Surfaceâ€□

Caking of Crystals, Prevention of

**Roof Paint** 

Paint, Rust Proofing

Structural Steel Paint

Ship Paint

Paints, Phosphorescent

Paint. Plastic

Paint Base for Textiles

Water Paint

Water Paint for Stucco

Cheap White Paint

Liquid Paint Drier

**Wood Paint Primer** 

25-Gallon Rosin Varnish Formula

50-Gallon Rosin Varnish Formula

Paint and Varnish Remover

Wood Bleaches

Wood, Plastic

Wood Filler Powder

Acid Proof Wood Stain

Wood Stains, Non-Grain Raising

Putty

Preparing Zinc for Painting

Oil Soluble Stain

Synthetic Resin Finishes

Fused Manganese Resinate

Limed Rosin

Phthalic Anhydride Varnish Resin

Waterproof Shellac

Water Solution of Shellac

Laboratory Table Finish

**Acid Proof Coating** 

**Bituminous Coating** 

Butter Tubs, Coating for

Cellulose Coatings

Concrete Coating

Corrosion Resistant Coating

Pipe Coating

Pipe Line, Coating for Petroleum

**Protecting Coating for Wax Finishes** 

**Rubber Pyroxylin Coatings** 

Wall Coating

Wrinkled Finish Coating

Filler for Cast Iron

Filler for Automobile-Body Work

Crack Filler

Milk Bottle Caps

Dispersions of Casein and Shellac
Treating Concrete Oil Tanks
Precipitated Cobalt Linoleate (Drier)
Lead Drier
Nitrocellulose Emulsion
Urea Resin Stoving Finishes
Paint Remover
Varnish for Wax Coated Surface
Wood-Oil Stand-Oil (Thickened Wood-Oil)
Medium Long-Oil Varnish for Inside and Outside Use
Enamel Varnish
Long-Oil Boat Varnish (Yacht Varnish, Marine or Submersible Varnish, Non-Spotting
Outside
Varnish)

## **About NIIR Project Consultancy Services (NPCS)**

NIIR Project Consultancy Services (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. Its various services are: Prefeasibility study, New Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Preparation of Project Profiles and Pre-Investment and Pre-Feasibility Studies, Market Surveys and Studies, Preparation of Techno-Economic Feasibility Reports, Identification and Selection of Plant and Machinery, Manufacturing Process and/or Equipment required, General Guidance, Technical and Commercial Counseling for setting up new industrial projects and industry. NPCS also publishes various technology books, directories, databases, detailed project reports, market survey reports on various industries and profit making business. Besides being used by manufacturers, industrialists, and entrepreneurs, our publications are also used by Indian and overseas professionals including project engineers, information services bureaus, consultants and consultancy firms as one of the inputs in their research.

NIIR PROJECT CONSULTANCY SERVICES 106-E, Kamla Nagar, New Delhi-110007, India. Tel: 91-11-23843955, 23845654, 23845886, +918800733955 Mobile: +91-9811043595
