Paper crockery is finding extensive usage these days for serving in parties and functions. Paper plates are the most commonly used disposable crockery in India. Paper plates, cups & saucers are made from millboard, grey board, Kraft paper, grease proof paper. Due to their disposable nature and attractive designs in which these are available, paper crockery like cups and plates have to a large extend replaced glass or porcelain crockery for some specific usage. The demand for paper plates is likely to grow substantially in future both in urban as well as rural areas. Paper plates are produced from paper boards classed in the category of industrial paper. With growth potential envisaged as 9% as against 5% at present the availability of industrial paper for manufacture of paper plates in future is amply taken care of. The paper plate manufacturer has good industrial potential in the future.
NIIR Project Consultancy Services (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. Its various services are:

- Pre-feasibility study,
- New Project Identification,
- Project Feasibility and Market Study,
- Identification of Profitable Industrial Project Opportunities,
