Thermoforming Plant for Manufacturing of Disposable Glass

Capacity:	32000 Nos/Day
Plant and machinery cost:	53.00 Lakh
Working Capital:	0.00 Lakh
Rate of return(ROR):	12.40 %
Break Even Point (BEP):	74.13 %
TCI:	116.00 Lakh
Cost of Project:	116.00 Lakh

Thermoforming Plant for Manufacturing of Disposable Glass, Bowls & Plates Use P.S.Cost film, thermoforming film and sheet are manufactured continuously on extrusion lines with short dies. Depending on the thickness and subsequent conversion process, the plastic products are wound in web form or stacked in thermoforming film or sheet. Thermoforming films are chiefly manufactured on extrusion lines especially developed for the purpose. For that, two different plant systems are used - Off-line production and In-line production. The demand for those films with improved properties has lately increased. Thermoforming cups, dishes and plates are most useful in the all sphere of domestic life. It is also used to take food material instantly. It is largely used in hotels, dhaba, restaurant and the other sellers who sell their product instantly. Nowadays it has very good market demand. It has a good scope for new entrepreneur.

NIIR Project Consultancy Services (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. Its various services are: Pre-feasibility study, New Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Preparation of Project Profiles and Pre-Investment and Pre-Feasibility Studies, Market Surveys and Studies, Preparation of Techno-Economic Feasibility Reports, Identification and Selection of Plant and Machinery, Manufacturing Process and or Equipment required, General Guidance, Technical and Commercial Counseling for setting up new industrial projects and industry. NPCS also publishes various technology books, directory, databases, detailed project reports, market survey reports on various industries and profit making business. Besides being used by manufacturers, industrialists and entrepreneurs, our publications are also used by Indian and overseas professionals including project engineers, information services bureau, consultants and consultancy firms as one of the input in their research.
