Adhesive (Fevicol Type)

Capacity:	8 MT/Day
Plant and machinery cost:	42.00 Lakh
Working Capital:	0.00 Lakh
Rate of return(ROR):	28.00 %
Break Even Point (BEP):	62.00 %
TCI:	0.00 Lakh
Cost of Project:	264.00 Lakh

Fevicol type adhesives come under the category of synthetic resins and latex adhesives are made from polyvinyl acetate is a thermoplastic, odourless, tasteless, non-toxic, essentially clear and colourless resin. The resin is unaffected by sunlight, ultraviolet light and air, furthermore it will absorb a small amount of water. WPA is the highest level of "wet strength." This in itself is a misnomer in that all starch is water soluble.

They are also used in glueing of furniture, the clay coating of paper, non-woven fabrics and many other applications. The manufacture of adhesive from synthetic resin is simple and can be started with a very little investment. The most advantageous factor in this plant is that it can be switched over to any type of adhesive as per market demand. The market size of all types of adhesives is very large and growing. Of this, the premium products account for some 50%. Quantitatively, the overall market size is growing annually at 15%. As a whole any entrepreneur can venture in this project without risk and earn profit.

Few Indian major players are as under

- Anabond Ltd.
- Arofine Polymers Ltd.
- C I C O Technologies Ltd.
- Century Ply boards (India) Ltd.
- D I C India Ltd.
- F C L Technologies & Products Ltd.
- Feroke Boards Ltd.

NIIR Project Consultancy Services (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. Its various services are: Pre-feasibility study, New Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Preparation of Project Profiles and Pre-Investment and Pre-Feasibility Studies, Market Surveys and Studies, Preparation of Techno-Economic Feasibility Reports, Identification and Selection of Plant and Machinery, Manufacturing Process and or Equipment required, General Guidance, Technical and Commercial Counseling for setting up new industrial projects and industry. NPCS also publishes various technology books, directory, databases, detailed project reports, market survey reports on various industries and profit making business. Besides being used by manufacturers, industrialists and entrepreneurs, our publications are also used by Indian and overseas professionals including project engineers, information services bureau, consultants and consultancy firms as one of the input in their research.
