Copper Foil

Capacity:	0
Plant and machinery cost:	0.00 Lakh
Working Capital:	0.00 Lakh
Rate of return(ROR):	0.00 %
Break Even Point (BEP):	0.00 %
TCI:	0.00 Lakh
Cost of Project:	0.00 Lakh

Copper foil is a sheet of copper that is usually only a few micrometer in thickness. Copper foils are commonly used as a conductor in printed circuit boards (PCBs) and flexible connectors. Copper has high electric conductivity and is also ductile and malleable. This makes it one of the widely used metals in the emerging electric & electronics industry. This, in turn, is expected to drive the copper foils market in the next few years with a lot of demand estimated from Asia Pacific.

Key players in the copper foils market are Targray Technology International Inc., K. L. Laminate's d.o.o., JX Nippon, China-Kinwa High Technology Co., Ltd., Furukawa Electric Co., Ltd., Kingboard Copper Foil Holdings Limited, Chang Chun Petrochemical Co., Ltd., Hubei Creatwell Co., Ltd., Chinalco Shanghai Copper Co. Ltd., and Oak-Mitsui.

NIIR Project Consultancy Services (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. Its various services are: Pre-feasibility study, New Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Preparation of Project Profiles and Pre-Investment and Pre-Feasibility Studies, Market Surveys and Studies, Preparation of Techno-Economic Feasibility Reports, Identification and Selection of Plant and Machinery, Manufacturing Process and or Equipment required, General Guidance, Technical and Commercial Counseling for setting up new industrial projects and industry. NPCS also publishes various technology books, directory, databases, detailed project reports, market survey reports on various industries and profit making business. Besides being used by manufacturers, industrialists and entrepreneurs, our publications are also used by Indian and overseas professionals including project engineers, information services bureau, consultants and consultancy firms as one of the input in their research.
