Carbon is probably the most widely distributed element in nature. It occurs in two allotropic crystalline forms, viz. Graphite (hexagonal system) and diamond (isomeric system), the former is soft and black where diamond is hard and transparent. Charcoal coke and carbon black classified as amorphous carbon, are considered by some to represent a third form, they are said to be composed of very minute crystals of graphite by others. Carbon is an essential constituent of all vegetable and animal matter in which constituent and other elements in immense variety of oxygen and other elements in immense variety of compounds. Decolorizing carbon is used for removing or improving the colour and flavour of edible materials, such as agar, beer, cider, wines, fruit juice, cocoa butter, dephenolizing effluent gas works liquor, preparation of biological products, recovering iodine from seawater and bromine from brines, gas absorbent carbon is employed for the recovery of gasoline from natural gas. It is very clear that there exists very good scope for this product and it can be exploited easily. It is good field for a new entrepreneur.
NIIR Project Consultancy Services (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. Its various services are: Pre-feasibility study, New Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Preparation of Project Profiles and Pre-Investment and Pre-Feasibility Studies, Market Surveys and Studies, Preparation of Techno-Economic Feasibility Reports, Identification and Selection of Plant and Machinery, Manufacturing Process and or Equipment required, General Guidance, Technical and Commercial Counseling for setting up new industrial projects and industry. NPCS also publishes varies technology books, directory, databases, detailed project reports, market survey reports on various industries and profit making business. Besides being used by manufacturers, industrialists and entrepreneurs, our publications are also used by Indian and overseas professionals including project engineers, information services bureau, consultants and consultancy firms as one of the input in their research.
