Fruit juice in aseptic packaging is basically used to quench the thirst and to get refreshment. In aseptic packaging juice can be preserved for 6 months or more. It is convenient to use, easy to sip and a source of minerals and vitamins. There is good domestic as well as international demand. It is estimated that the average growth rate of demand will be 15% or more due to health careness. So, there is a good scope for new entrepreneurs if they produce quality product with economic price.
