API Tube

Capacity:	300000 Nos./Day
Plant and machinery cost:	54.00 Lakh
Working Capital:	0.00 Lakh
Rate of return(ROR):	46.00 %
Break Even Point (BEP):	57.00 %
TCI:	195.00 Lakh
Cost of Project:	195.00 Lakh

Piping may represent as much as 25% of the cost of a chemical process plant. The economics depends heavily on the pipe size and fabrication techniques employed. Heat tracing for insulated pipes is generally only required for the period when the material in the pipe is not flowing. Industrial heat tracing systems are generally fluid systems or electrical systems. Steel pipelines are extremely important for oil and gas industry. The use of steel provides standard for pipe suitable for use in conveying gas, water and oil in both the oil and natural gas industries. There is large demand of API tube in the petroleum refinery and petrochemical industries. On the basis of increases of petroleum industries, it can be concluded that there is demand growth of A.P.I tube must be 10%. It has demand through out the world. So, there is fair scope of API tube manufacture and new entrepreneurs can enter into this field.

NIIR Project Consultancy Services (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. Its various services are: Pre-feasibility study, New Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Preparation of Project Profiles and Pre-Investment and Pre-Feasibility Studies, Market Surveys and Studies, Preparation of Techno-Economic Feasibility Reports, Identification and Selection of Plant and Machinery, Manufacturing Process and or Equipment required, General Guidance, Technical and Commercial Counseling for setting up new industrial projects and industry. NPCS also publishes various technology books, directory, databases, detailed project reports, market survey reports on various industries and profit making business. Besides being used by manufacturers, industrialists and entrepreneurs, our publications are also used by Indian and overseas professionals including project engineers, information services bureau, consultants and consultancy firms as one of the input in their research.
