Distribution Transformers

Capacity:	1 Nos./Day
Plant and machinery cost:	40.00 Lakh
Working Capital:	0.00 Lakh
Rate of return(ROR):	43.00 %
Break Even Point (BEP):	42.00 %
TCI:	209.00 Lakh
Cost of Project:	209.00 Lakh

The manufacturing process of distribution transformers are quite similar to the process of power transformers. It consist of laminating cores, enamelled wire, iron and stands etc. The rapid expansion of energy programme of Govt. of India will boost the economy of the country to a great extent. To achieve the required energy, it is essential that all the electrical equipments required for generation, transmission and distribution system must also have potential growth in the country, otherwise, it will be difficult to achieve the target. Transformers play an important role in the development of electrical power in all the fields. Therefore, the growth of transformer industries in the country is of utmost importance.

NIIR Project Consultancy Services (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. Its various services are: Pre-feasibility study, New Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Preparation of Project Profiles and Pre-Investment and Pre-Feasibility Studies, Market Surveys and Studies, Preparation of Techno-Economic Feasibility Reports, Identification and Selection of Plant and Machinery, Manufacturing Process and or Equipment required, General Guidance, Technical and Commercial Counseling for setting up new industrial projects and industry. NPCS also publishes various technology books, directory, databases, detailed project reports, market survey reports on various industries and profit making business. Besides being used by manufacturers, industrialists and entrepreneurs, our publications are also used by Indian and overseas professionals including project engineers, information services bureau, consultants and consultancy firms as one of the input in their research.
