RUBBER ROLLER FOR PRINTING MACHINE

Capacity:	20 Pcs/Day
Plant and machinery cost:	15.00 Lakh
Working Capital:	0.00 Lakh
Rate of return(ROR):	48.00 %
Break Even Point (BEP):	47.00 %
TCI:	57.00 Lakh
Cost of Project:	57.00 Lakh

The rubber rollers used in printing machineries are of different sizes and as per requirement. These can be manufactured by using different dies and moulds. The raw material is rubber for rubber rollers. White and black type rollers are used in paper printing machinery. It depends on the colour of ink. Rubber rollers are mainly used in printing machinery of paper, textile mill, wax machines, tin printing, litho printing etc. Due to rapid development of printing industry there is a rapid growth of rubber rollers utilization proportionately. There is 5% growth rate of printing industry annually. So, the growth of rubber roller industry is also increasing at the same rate. The new comer can well venture in this field.

NIIR Project Consultancy Services (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. Its various services are: Pre-feasibility study, New Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Preparation of Project Profiles and Pre-Investment and Pre-Feasibility Studies, Market Surveys and Studies, Preparation of Techno-Economic Feasibility Reports, Identification and Selection of Plant and Machinery, Manufacturing Process and or Equipment required, General Guidance, Technical and Commercial Counseling for setting up new industrial projects and industry. NPCS also publishes varies technology books, directory, databases, detailed project reports, market survey reports on various industries and profit making business. Besides being used by manufacturers, industrialists and entrepreneurs, our publications are also used by Indian and overseas professionals including project engineers, information services bureau, consultants and consultancy firms as one of the input in their research.
