OCTG TUBE AND FITTINGS

Capacity:	1500 MT / Annum Tubes, 600 MT/Annum Fittings
Plant and machinery cost:	554.00 Lakh
Working Capital:	0.00 Lakh
Rate of return(ROR):	45.00 %
Break Even Point (BEP):	48.00 %
TCI:	752.00 Lakh
Cost of Project:	752.00 Lakh

Piping may represent as much as 25 percent of the cost of a chemical-process plant. The installed cost of piping systems varies widely with the materials of construction and the complexity of the system. The economics also depends heavily on the pipe size and fabrication techniques employed. O.C.T.G tube is used in the oil company to deliver mineral oil through this pipe. It is used in the manufacturing of pump parts and gas lift valves. It is largely used in the food and chemical processing industries. Pipes and tubes have varied applications in various industries mainly as transport media for liquid, semi liquid fluids and gases. The future demand is estimated by method of trend analysis. The trend in consumption being highly fluctuating attempt is made to harmonies the series with 3 years moving average. The export demand is estimated to be 7% of the total demand. This provides very good scope for new investment.

NIIR Project Consultancy Services (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. Its various services are: Pre-feasibility study, New Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Preparation of Project Profiles and Pre-Investment and Pre-Feasibility Studies, Market Surveys and Studies, Preparation of Techno-Economic Feasibility Reports, Identification and Selection of Plant and Machinery, Manufacturing Process and or Equipment required, General Guidance, Technical and Commercial Counseling for setting up new industrial projects and industry. NPCS also publishes various technology books, directory, databases, detailed project reports, market survey reports on various industries and profit making business. Besides being used by manufacturers, industrialists and entrepreneurs, our publications are also used by Indian and overseas professionals including project engineers, information services bureau, consultants and consultancy firms as one of the input in their research.
