Carpentry and joinery are common terms used with any class of work with wood. Strictly speaking carpentry deals with all works of a carpentry such as roofs, floors, partitions, etc. of a building, while joinery deals with the making of doors, windows, cupboards, dressers, stairs and all interior fitments for a building. Wooden door and frames are the back bone of the construction industries, starting from building construction, Official building, Educational Institution, Hospitals, Nursing Homes, Factories etc. The demand of the product is increasing day by day due to increase in construction activities in India. Thus, to cope up with the out growing demand of the product, the imperative need of the hour is to setup more number of with for the manufacture of wooden window and frames. Therefore, in the limelight if the fact enumerated above, a new entrepreneur can well venture into this field.
