Cost of Project:	75.00 Lakh

The world ceramic is taken to cover those articles that are made from inorganic substances first shaped and then hardened by fir. The characteristics are the wall tiles with colourless or pastel shade glaze with on-glaze decoration. Decorative tiles, frequently in a number of shapes and with relief designs and in a range of sizes. The main uses are the decorative treatment of walls, both those normally tiled for utilitarian reasons and others, window sills, fire place surrounds. The other uses are in the external facing of building, halls and lobbies of public buildings, schools, offices, underground stations. The Indian ceramic tiles industry is on the threshold of an exciting world of colours and variety. There is vast scope of these decorative tiles in restaurants, public places, hospitals bathroom etc. To looking its uses we can say that there is a good scope for new entrants.
