<b>TCI:</b>	400.00 Lakh
<b>Cost of Project:</b>	400.00 Lakh

Turmeric is native to Asia and India. It is very important spice in India, which produces nearly the whole worlds crop and used 80% of it. It has been used in Indian systems of medicine for a long time. Turmeric is a very unique and versatile natural plant product combining the properties of a spice of flavourant, a colourant of brilliant yellow dye, cosmetic and a drug. Curcumin also protects the liver from a number of toxic compounds. It has several medicinal properties like stomachic, carnivative, tonic, blood purifier, vermicide and antiseptic. According to recently larger use of curcumin in the pharmaceutical and food industries, it is observed that few private companies are engaged in the manufacturing of curcumin. About more than 70% of our products are exported to European countries. As a whole it can be concluded that there is good export demand of it. There is good scope for new entrepreneurs.

NIIR Project Consultancy Services (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. Its various services are: Pre-feasibility study, New Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Preparation of Project Profiles and Pre-Investment and Pre-Feasibility Studies, Market Surveys and Studies, Preparation of Techno-Economic Feasibility Reports, Identification and Selection of Plant and Machinery, Manufacturing Process and or Equipment required, General Guidance, Technical and Commercial Counseling for setting up new industrial projects and industry.
