INFORMATION TECHNOLOGY (I.T.) Training Centre

Information technology is a rapidly changing industry. With constant hardware and software changes, the I.T. Industry is highly volatile. The changes in technology and the adaptation of new technology by the industry have led to continuous change in manpower skills requirement. A recent industry study conducted by NIIT among leading companies shows that an individual with strong foundations will be able to adapt to new and changing technologies very effectively and quickly. If software and services market in India continued to be driven by exports. According to leading global business intelligence analysts, the off shore out sourcing market, is expected to witness substantial growth over the next few years. Supply side factors indicate that India will continue to have a significant pool of tech-ready and tech-trainable students over the next few years. There is a good scope for new entrants.

NIIR Project Consultancy Services (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. Its various services are: Pre-feasibility study, New Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Preparation of Project Profiles and Pre-Investment and Pre-Feasibility Studies, Market Surveys and Studies, Preparation of Techno-Economic Feasibility Reports, Identification and Selection of Plant and Machinery, Manufacturing Process and or Equipment required, General Guidance, Technical and Commercial Counseling for setting up new industrial projects and industry. NPCS also publishes various technology books, directory, databases, detailed project reports, market survey reports on various industries and profit making business. Besides being used by manufacturers, industrialists and entrepreneurs, our publications are also used by Indian and overseas professionals including project engineers, information services bureau, consultants and consultancy firms as one of the input in their research.
