ALUMINIUM WIRE DRAWING WIRE MESH PLANT

Capacity:	9000 MT/Year
Plant and machinery cost:	90.00 Lakh
Working Capital:	0.00 Lakh
Rate of return(ROR):	44.00 %
Break Even Point (BEP):	70.00 %
TCI:	620.00 Lakh
Cost of Project:	620.00 Lakh

ALUMINIUM WIRE DRAWING/WIRE MESH PLANT

Aluminium is one of the metal, which is widely available in many countries. There are various uses of aluminium metal of which manufacturing of aluminium wire and wire mesh is one of them. Aluminium wire is largely used in the cable industry as well as alone it is used for electrical transmission. Aluminium is non-corrosive, light and cheap metal, for making aluminium wire, (as conductor) it is required to draw the aluminium thick wire to suitable diameter. There are lots of private enterprises manufacturing aluminium wire of different grades. There is no pollution problem in wire drawing. It is used for electricity transmission from one place to another place. It is used for making electrical cable, electrode, varies kitchen and other household applications and special equipment. There is good market for aluminium wire and wire mesh. New entrepreneurs venture into this project can be successful.

NIIR Project Consultancy Services (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. Its various services are: Pre-feasibility study, New Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Preparation of Project Profiles and Pre-Investment and Pre-Feasibility Studies, Market Surveys and Studies, Preparation of Techno-Economic Feasibility Reports, Identification and Selection of Plant and Machinery, Manufacturing Process and or Equipment required, General Guidance, Technical and Commercial Counseling for setting up new industrial projects and industry. NPCS also publishes various technology books, directory, databases, detailed project reports, market survey reports on various industries and profit making business. Besides being used by manufacturers, industrialists and entrepreneurs, our publications are also used by Indian and overseas professionals including project engineers, information services bureau, consultants and consultancy firms as one of the input in their research.
