## Asphaltic Roofing Sheet

<b>Capacity:</b>	3000 Sq.mt/Day
<b>Plant and machinery cost:</b>	59.00 Lakh
<b>Working Capital:</b>	31.00 Lakh
<b>Rate of return(ROR):</b>	45.16 %
<b>Break Even Point (BEP):</b>	47.64 %
<b>TCI:</b>	167.00 Lakh
<b>Cost of Project:</b>	167.00 Lakh

Shelter is a basic need of the human species. It is one of the basic rights which any human being may claim. Housing remains one of the crucial problems of our time. House requires roof and roof is made by different material. Asphaltic sheets also known as built up or prepared roofings are composed of single-layered fabric saturated and coated with bituminous composition or laminated (multiple layer). Most of prepared roofing manufactured today are made of a single layer of roofing felt. The prospects of water proofing with bitumen felt got a definite boost with manufacturing getting the approval of India and Standard Institution for adopting a standard for bitumen felt and for evolving a code of practice for application. There is good scope for asphaltic roofing sheets. The new comers can get good market.

NIIR Project Consultancy Services (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. Its various services are: Pre-feasibility study, New Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Preparation of Project Profiles and Pre-Investment and Pre-Feasibility Studies, Market Surveys and Studies, Preparation of Techno-Economic Feasibility Reports, Identification and Selection of Plant and Machinery, Manufacturing Process and or Equipment required, General Guidance, Technical and Commercial Counseling for setting up new industrial projects and industry.
