Rate of return(ROR):	42.00 %
Break Even Point (BEP):	56.00 %
TCI:	350.00 Lakh
Cost of Project:	350.00 Lakh

The Indian pharmaceutical industry today is in the front rank of India's science based industry with wide ranging capabilities in the complex field of drugs manufacture and technology. The Indian pharmaceutical sector is highly fragmented with more than 20,000 registered units. It has expanded drastically in the last two decades. The leading 250 pharmaceutical companies control 70% of the market with market leader holding nearly 7% of the share. It is an extremely fragmented market with severe price competition and govt. price control. The pharmaceutical industry, with its rich scientific talents and research capabilities, supported by intellectual property protection regime is well set to take on the international market. The demand of pharmaceutical products are increasing very fast. So, any new entrepreneur can venture in to this field. Few Indian Major Players are as under:
