Micro Propagation Growth of Tissue Culture

Capacity:	20 Million Plantlets/Year
Plant and machinery cost:	45.00 Lakh
Working Capital:	196.95 Lakh
Rate of return(ROR):	0.00 %
Break Even Point (BEP):	0.00 %
TCI:	0.00 Lakh
Cost of Project:	0.00 Lakh

Tissue culture is the process of development of new tissue for the further propagation of new plant without diseases and better yield capacity of fruits or vegetables of woods etc. Tissue culture involves production of genetically identical plant progeny through the cloning on a vegetative tissue or organ of the parent plant or ex-plants on nutrient medium containing growth hormones under sterile condition. It can be used for the production of hybrid seeds, for preserving rare plants, for the production of infection free plants for more rugged plants for improving plant output etc. About 122 tissue culture labs with on aggregate of 245 million plants/annum have been set up in India.

NIIR Project Consultancy Services (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. Its various services are: Pre-feasibility study, New Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Preparation of Project Profiles and Pre-Investment and Pre-Feasibility Studies, Market Surveys and Studies, Preparation of Techno-Economic Feasibility Reports, Identification and Selection of Plant and Machinery, Manufacturing Process and or Equipment required, General Guidance, Technical and Commercial Counseling for setting up new industrial projects and industry. NPCS also publishes various technology books, directory, databases, detailed project reports, market survey reports on various industries and profit making business. Besides being used by manufacturers, industrialists and entrepreneurs, our publications are also used by Indian and overseas professionals including project engineers, information services bureau, consultants and consultancy firms as one of the input in their research.
