Steel Structure Unit

Capacity:	1.67 MT/day
Plant and machinery cost:	47.00 Lakh
Working Capital:	0.00 Lakh
Rate of return(ROR):	23.86 %
Break Even Point (BEP):	59.82 %
TCI:	142.00 Lakh
Cost of Project:	142.00 Lakh

The importance of iron and steel among other materials is well known for industrialization and national economy. Basically all industries depend on iron & steel for their structural, machinery & raw material requirements. Metal fabrication is the group of entire process employed to shape the metals into the desired form by melting & casting down to hot & cold working, joining by welding, brazing, soldering or riveting, bolt fastening & similar other processes. Defence, SEBS (power), public works & irrigation, railways coal sector, petroleum oil, heavy industries, all large, medium/SSI Industries consume iron & steel in a great quantity for their capital equipments, industrial/comercial/residential building structures and raw material requirements. The raw materials for fabrication units are well known steel section, girders, plates, wires & hard ware etc. These raw materials are available through indigenous source with indication production.

NIIR Project Consultancy Services (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. Its various services are: Pre-feasibility study, New Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Preparation of Project Profiles and Pre-Investment and Pre-Feasibility Studies, Market Surveys and Studies, Preparation of Techno-Economic Feasibility Reports, Identification and Selection of Plant and Machinery, Manufacturing Process and or Equipment required, General Guidance, Technical and Commercial Counseling for setting up new industrial projects and industry. NPCS also publishes various technology books, directory, databases, detailed project reports, market survey reports on various industries and profit making business. Besides being used by manufacturers, industrialists and entrepreneurs, our publications are also used by Indian and overseas professionals including project engineers, information services bureau, consultants and consultancy firms as one of the input in their research.
